CALLAO MAY BE PIRATE VICTIM

Missing Munson Liner Overdue At Atlantic Port

30 PASSENGERS ABOARD

Piracy Theory Discounted; Fear Wireless Trouble

WASHINGTON. — (By United Press.)—John Christian, 19, son of resident Harding's secretary, is on the overdue Munson Line steam Callao, his father said today.

The boy's father, George Christian, learned today that the ship on which his son is a cadet officer, was overdue. He immediately cancelled an engagement to go riding and made several long distance telephone calls for further information on the vessel.

NEW YORK. — (By United Press.)—Fate of the Munson liner Callao, with 30 passengers aboard, unreported since she left Rio Janeiro for New York on June 20, remained a mystery today.

Gossip along the water front connected her seeming disappearance with the "phantom pirate" steamer sighted off Philadelphia recently by another ship of that line.

The Callao, 4935 tons was due here Sunday. Both the Munson Line and the naval communication service, reported they had been vainly trying to reach her by radio for several days.

DISCOUNT PIRACY

The communication service stated that nothing had been heard of the mysterious "phantom pirate" since she was encountered by the steamer Anahuro 300 miles east of Philadelphia the night of June 30. Naval officials here scouted the "pirate" theory, but had no explanation to offer to the strange behavior of the ship which was operating practically without lights and disappear without leaving a trace.

Officers of the Munshiro believed the fact that the craft was riding high and obviously only in ballast was responsible for the failure of the "pirate" to attack her.

Munson Line officials professed to have no fear for the Callao's safety, they said they believed her wireless had been put out of commission by accident or that atmospheric conditions might have interfered with its operation.

MEETS SHIP

By J. J. ROWLANDS

United Press Staff Correspondent

BOSTON. — Captain Elsiea Diamond, second officer of the Munson liner Anahuro, in an exclusive interview with the United Press today described the mystery ship, suspected of being a pirate, which approached the liner at a point 75 miles south of New York June 30.

An official report on the encounter was made to the bureau of navigation at Washington, and the government wireless today sent the word broadcast to ships at sea to be on the lookout.

"On the morning of Friday, June 30, I went on the first morning watch," said Captain Diamond. "It had been foggy all day and night, but at 4 a. m. the fog lifted. For practically an hour before that I had heard at intervals a peculiar, weird whistle, quite unlike that of the aerobics."

ALIVE APPEARANCE

"The vessel carried only masthead and range lights," continued Captain Diamond. "It had no side lights, which are compulsory and important navigation."

"When she turned around, I thought she had decided to go and our stern, as we had this light of way, so I failed to take close watch of her hull. I thought it was strange when she disappeared."

"It was about 85 miles west, north-west of New York, and I saw her between 75 and 100 miles west of New York. This mystery ship, when she approached us, was making a course west, northwest which would have taken her to New York."

IONS PECULIAR

"The Munshiro was in ballast at the time and if the strange vessel was a pirate ship she probably did not have any cargo."

"I would not care to say that the vessel was a pirate craft, but her actions were certainly peculiar," said Captain Diamond. "The vessel was not making any predictions to the character of the stranger. I considered her actions so unusual as to necessitate a report to agents at Baltimore."

BILLIONS SPENT ON LUXURIES

Federal Tax Receipts Show Love Of Americans For Finery

FOIBLES BRING IN BIG SUM

Summer Furs and Like Articles Build Battleships

WASHINGTON. — (By United Press.)—Approximately \$13,000,000 a year now is being spent on luxuries, recreation, movies and other amusements and personal finery, federal tax receipts show.

More than \$1,000,000,000 a year in taxes is now being received by the government as a result of purchases of foibles. This is nearly one-quarter of the total ordinary receipts of the government.

SPORTING GOODS, AUTOMOBILES AND MOTORCYCLES, AMUSEMENT PARKS, FANCY BATHING SUITS, SUMMER HATS FOR WOMEN, AND PANAMAS FOR FATHERS, ARE NOW NETTING THE GOVERNMENT THOUSANDS DOLLARS EACH MONTH.

The pennies that are paid with the purchase of soft drinks and soda water are being used to pay the annual interest charge of \$900,000,000 on the national debt.

MOVIES BUILD SHIPS

Battleships are being built with the tax on motion picture films, sporting goods, face powder, cosmetics and other beautifiers.

Chewers of gum in the past 12 months have contributed more than \$1,000,000 in taxes to the federal treasury. Twenty-acres and sporting goods paid nearly \$4,000,000.

SUMMER FURS ALONE COST APPROXIMATELY \$5,000,000 AND NETTED THE GOVERNMENT THE TIDY SUM OF \$500,000 IN TAX MONEY, THE REPORT SHOWS.

Toilet soaps and powders brought more than \$2,000,000 in taxes into the government's coffers in the fiscal year just ended. Imposing total purchase of these articles of about \$20,000,000.

Smokers in the past year paid the government in excess of \$222,000,000 in taxes over and above the actual cost of tobacco and cigars to the dealers.

More than \$23,000,000 poured into the government's pocketbook from taxes on engagement diamonds and other jewelry indicating total purchase of taxable jewelry of something like ten times the tax collected.

IRON WORKERS FAIL TO FINAL WAGE DECISION

COLUMBUS. — The three-day conference of the Amalgamated Association of Iron and Steel Workers adjourned today without final decision on wage working matters.

A second session will be held next month, delegates said.

The session here endeavored to adjust differences between the union and the Western Sheet and Tin Plate Manufacturers' Association.

The differences were not basic, but concerned bonuses and extra pay, contending non-union plants, under present depressed conditions, have an advantage.

TAX COLLECTION SHOWS HALF MILLION INCREASE

COLUMBUS. — Fees and taxes collected by the state insurance department for the year ending June 30, showed an increase of \$456,948 over the preceding year, according to the annual report made today by B. W. Gearhart, insurance commissioner.

Fees collected during the last year were \$224,700 and taxes totaled \$2,894,986.

DERANGED BY HEAT, MAN SHOTS HIMSELF

VAN WERT. — (Special.) — Charles Lichtenberger, 22, of Ft. Wayne, out of employment, accompanied his family to the home of C. M. Crowe, near Willshire, southwest of here and while working in the hay field was affected by the heat, becoming mentally deranged. Securing a shot gun, Lichtenberger suicided in the barn during the night, Wednesday.

SHOWERS RELIEVE HEAT WAVE

Slightly Cooler Is Temporary Prediction of Weather Man

HIGHEST MARK HITS 110

Warmer Weather To Follow Rains, Is Prophecy

COLUMBUS, O. — (By Associated Press.)—Temporary relief from the heat wave, in the form of local thundershowers and slightly cooler weather, was predicted for tonight in Ohio by the weather man today.

The forecaster announced, however, that there is no indication of an end to the general heat wave that has enveloped the country for more than a week. The predicted local thundershowers will have little effect, he said.

The Mississippi valley today experienced weather from 2 to 10 degrees cooler than yesterday, but much warmer weather was prevailing in the far west. In fact, Fresno, Calif., was the hottest place in the United States yesterday with a temperature of 110 degrees. Showers gave some relief to the lake region last night.

CINCINNATI HOTTEST

Cincinnati was the hottest of the larger cities in Ohio yesterday, with a maximum temperature of 96. Columbus reported a maximum of 94, while Toledo and Cleveland reported 92.

Indianapolis and Pittsburgh also reported 92.

Untold distress has been caused in Ohio, especially in the larger cities, by the extreme heat.

Lake resorts and swimming holes have been crowded, and almost every city in the state has provided, thru fire departments, for temporary shower baths for the kiddies.

Several deaths and scores of heat prostrations have been reported to date and Dean Alfred Vivian, of the college of agriculture at Ohio State University announced last night that another 36 hours of the parching heat will practically ruin Ohio's garden crops and may greatly injure the corn crop.

He explained that the extreme hot weather is causing the corn to "fussel out."

Another heat death was reported in Columbus last night. Pietro Gargano, 64, a laborer for a telephone company, was overcome yesterday afternoon and died at his home last evening.

USING STATE GROUNDS

COLUMBUS. — (By Associated Press.)—"Keep off the grass" signs have been removed from the state house yard, so that the public can take advantage of the shade during the hot weather. The state house yard, comprising several acres in the center of Columbus business district, annually affords relief to thousands of overheated workers. On hot days it is filled with people, especially recorded, were not much lower than those at the same hours yesterday, but frequent gusts of cool air caused conditions to seem much better. No more deaths in Cincinnati from the heat were reported during the morning hours, nor did the hospitals receive any very serious cases of prostration. In Covington, Ky., one fatality during the night was recorded.

THIRD VICTIM

YOUNGSTOWN, O. — Mrs. Anna M. Streb died here last night of heat prostration, the third victim in this vicinity this week. Scores of persons slept in the city parks last night.

TEMPERATURE 100

PORTSMOUTH, O. — Portsmouth experienced one of its hottest days, yesterday when the thermometer officially recorded 100 degrees.

40 PROSTRATED

MILWAUKEE. — A thunderstorm late yesterday broke the heat wave gripping Wisconsin for more than a week. Forty heat prostrations were reported in this city Thursday. No deaths are recorded.

HIGH MARK 100

DALLAS, Tex. — Northeast Texas is experiencing the hottest weather of the summer, with maximum temperatures ranging from 94 at Dallas to 109 at McKinney. No deaths from heat have been reported.

NEW PROPOSAL IS SUBMITTED

Earnings of Company Can Never Exceed 8 Per Cent

C. OF C. DIRECTORS ACT

Want Road Left Open For Future Negotiations

Two new angles developed in the Lima gas situation Friday, both considered of vital interest at this time. Emmett R. Curtin, president of the Lima Natural Gas Co., landed to the Chamber of Commerce gas committee, which met with the board in directors at noon, a letter in which he fixes the lowest price his company can accept for gas.

The directors of the Chamber of Commerce adopted a resolution at its noon meeting which makes no recommendation concerning the price of gas. It favors, however, certain provisions and steps to assure the city a supply of natural gas.

The price fixed by Curtin will net the company five per cent return on its valuation, based on 1920 operating expenses. It is provided, however, that if no time the return be more than eight per cent.

THREE PLANS PROVIDED

The proposition made by the gas company provides three plans, as follows:

(1) \$1.10 per thousand cubic feet for the first five thousand cubic feet of gas, with a monthly minimum charge equal to the price of the first one thousand cubic feet of gas.

(2) \$1.05 per thousand cubic feet for the first five thousand cubic feet of gas, with a 25c monthly readiness-to-serve charge.

(3) \$1.00 per thousand cubic feet for the first five thousand cubic feet of gas, with a 50c monthly readiness-to-serve charge.

The company also agrees to allow council to fix the price for all gas sold over 5,000 cubic feet, provided the prices not less than \$1.

This proposition, gas officials say, nets only five per cent return. They agree that if at any time they are able to sell more gas than is anticipated, which would increase returns, the price will be automatically adjusted so that for the period of the contract the return will not be more than eight per cent.

ASK FIVE PER CENT RETURN

The gas officials say they are prepared to show that with the price of gas at 45 cents, the price fixed by the Medina Gas & Fuel Co., three per cent depreciation charge and eight per cent return on the company's valuation, the net cost to the consumer would run to \$1.2584 per thousand cubic feet, whereas the company is asking only \$1.10 per thousand, which gives a return of five per cent.

The resolution adopted by the Chamber directors provides that in case the Lima Natural Gas company signs a contract with the Medina company containing provision for a supply of 3,000,000 feet per day in winter, that council substitute a similar provision in the pending ordinance in place of the present pressure and quality guarantees.

AGREEMENT IS URGED

Council is also urged to reach an agreement with the company as to price, if possible, but in case this cannot be done to pass the ordinance in such manner as to leave the road open for the Lima company to sign with the Medina company and later adjust local rates before the utilities commission.

While here Thursday, Holton Scott stated that gas delivered to Lima will be just as it comes from the ground, with the exception of removal of casing head gas. This reduces the quality about one per cent. The quality of Medina gas, he stated, is well above guarantees asked by council.

STOKES DECISION

Noted Divorce Case To Be Settled By Court Soon

NEW YORK. — A decision in the divorce suit of W. E. D. Stokes, multi-millionaire hotel proprietor, and the counter-suit for separation from his wife, will be rendered by Supreme Justice Brandeis within three weeks, he announced today.

Counsel for both sides submitted briefs late yesterday. The testimony had been practically completed several weeks ago, but the case was held open to permit Stokes to testify. Illness delayed this and the attempt to get him on the stand was finally abandoned.

In his brief, Stokes offers to have his two children placed in the custody of their maternal grandmother, realizing that thereby their mother, will have intimate and probably daily intercourse with them, as they probably will live in the same home.

This is pointed out by Mrs. Stokes' attorneys as great inconsistency as testimony presented by the plaintiff tends to show that Mrs. Stokes was immoral.

GRAINS DAMAGED BY WEATHER

Crops In Middle West Suffer From Heat

WASHINGTON. — (By United Press.)—Serious damage is being done to the spring wheat and oat crops by the hot, dry weather, the weather bureau reported today. No relief is in sight, it was indicated by the forecast for the next 36 hours.

So far the damage has been confined to the upper parts of the northern states, such as Ohio, Indiana, Illinois, North and South Dakota and Minnesota. Oats suffered largely in the first three states and wheat was damaged in the last three states, the bureau stated.

Slight damage has been done to corn in the Ohio valley and Atlantic coast states.

Little change in temperature with scattered showers was forecast for the territory east of the Mississippi for the next 36 hours.

ENGINEER KILLED, TRAIN WRECKED

Thrown From Window of Cab After Being Murdered

EL PASO, Texas. — (By Associated Press.)—Engineer William Bohman, of Sanderson, Texas, was murdered and thrown from his train near Alpine, Texas, today, according to advices received at the local office of the Galveston, Harrisburg and San Antonio railway.

After four miles of uncontrolled speeding, the boiler of the engine of the freight train blew up, seriously injuring the fireman, Charles Robertson, of Valentine, Texas.

The train was wrecked ten miles west of Alpine.

AUSTIN, Texas. — (By Associated Press.)—A Texas ranger has been ordered to Valentine, Jeff Davis county, to investigate the death of Engineer Bohman and the injury of Fireman Robertson in the explosion of a locomotive near Alpine, Adjutant General Barton, of Texas, announced today. The officer was requested by Southern Pacific railroad officials who said foul play was responsible for the explosion, General Barton said.

FOUND DEAD

NEWARK, O. — John W. Blizard, 70, stock buyer, was found dead in his buggy this morning. He was driving cattle to the stock yards when his companion, David Jones, found his lifeless body. The cause of his death has not been determined.

G. O. P. Majority of Legislative Body In Race

OTHERS MAY FILE PETITIONS

"Independent" Candidate—List to Close Saturday

Lima's "fighting council" with a long record of failures, apparently will make strenuous efforts to retain power under the new form of government which becomes effective January 1.

This is indicated by the fact that a number of the councilmen will be candidates for city commissioners. Three already have filed their petitions with the board of elections and papers for at least one other is out. Other members may come out before the final bell Saturday noon.

It is not known what platform the councilmen, who have helped earn for the legislative branch the title of "the spending" as well as "the fighting" council, will put forth.

Already considerable dissatisfaction is being evidenced thruout the city concerning the apparent attempt of the old organization to cling to its control. Much of the criticism heard comes from the fact that the council has made a record for doing nothing constructive and seeks to hold over into what is supposed to be a business administration.

Council members now officially in the race are:

Ellis Jones, 224 N. Cole-st., members from the Fourth ward and a leading member of the anti-faction. G. W. Schuler, 530 Holmes-ave., representing the Fifth ward.

W. T. Tierney, from the First ward. Councilman Earl Robn is also in the race and a petition is being circulated in his behalf. The papers will be filed before expiration of the time limit.

ORGANIZED PLAN SCENTED

With a large field of entrants in prospect, the indications are that council members are planning to divide several members of the council under the wing. The large field will tend to scatter the vote and with concentrated strength built up in their own wards, there is a chance that all four of the councilmen will be among those nominated at the primary August 9. Their political organizations in their home wards will also prove a powerful asset in their behalf at the November election.

POWER BOAT ON BANDIT TRAIL

Ashtabula Bank Robbers Escape Towards Canadian Shore

USE STOLEN MOTOR YACHT

Six Youths in Outlaw Party; Ohio News

CLEVELAND. — (By Associated Press.)—Search today for the six youths who robbed the Marine National Bank of Ashtabula Harbor of approximately \$4,700 yesterday was directed toward Canada in the belief that the bandits had gone there in the stolen motor yacht.

When the search was abandoned late last night, Vice Commodore Howard Staley of the Cleveland Yacht Club, in whose yacht Merry G, the robbers escaped, announced that he would start at daylight with William Theobald of Ridgeville in the latter's power boat Echo, for Rondeau, Ontario. The Echo is one of the fastest motor boats on Lake Erie. It was armed and outfitted with provisions.

Among the searching parties are police and deputy sheriffs armed with revolvers, rifles and machine guns.

Commodore Staley's yacht was stolen from its dock in Rocky river Wednesday night.

Campers at Ninevah Beach, identified the Merry G.

A woman camper from Pittsburgh told the authorities the Merry G, headed for Canada.

Identification of the automobile which the robbers used in their flight from Ashtabula Harbor to Ninevah Beach, where they boarded the vessel, has been established as having been stolen from Cleveland. After leaving the automobile, the men boarded a dinky lying on the beach and rowed to the Merry G.

Interviews-- Ideas and Fancies

CARBY ORR, Cartoonist with the Chicago Tribune: "The East is just beginning to realize what a wonderful fighter Carpenter is. In the fight Saturday Carpenter hit Dempsey harder than Dempsey hit him. It was merely a case where Dempsey could take the hardest blow that a man can deliver and keep on fighting. Even at that, Dempsey was close to the knockout condition in the second round. I was at the ringside and know what I am talking about. If the two fighters were to be rematched the odds would not be more than two to one. A match between Carpenter and any other leading American boxer will be very popular, as all those who saw the big fight are partial to the Frenchman. Tex Rickard realizes this and is trying to arrange other matches. The Frenchman is not thru yet."

GUS WEINFELD, S. Metcalf-att: "You know I'm always in a quandary every time I drive up Main-st. I find myself wondering if they have changed the traffic rules again. It's a good thing we have klaxons on our cars. If we didn't we would smash into somebody every time we park and then tried to back out. It is surprising to me that parallel parking is not put into effect here. Every city that expects to grow must use common sense in the making of parking rules. They are especially needed in the business section."

JOYCE ALIMONY IS SLASHED

Judge Grants Much Smaller Sum Than Asked By Peggy

CHICAGO. — (By United Press.)—Peggy Joyce, flitzy girl, was granted \$1,250 a month temporary alimony by Judge Joseph Sabath today.

The court also allowed the pretty blonde \$27,500 attorneys fees and \$12,500 to gather evidence in her fight against the suit for divorce brought by her millionaire husband, J. Stanley Joyce.

The judge drastically cut the amounts requested by Peggy "to maintain herself in the life of luxury" to which she claimed she had become accustomed thru Joyce's liberality.

CUTS REQUEST.—Her request for \$10,000 attorneys fees and expenses for the suit was cut in half. She asked for \$10,000 a month alimony.

The court, however, ruled that Peggy would not have to pay her living expenses and said it she found the amount allowed was not sufficient to meet costs, he would entertain a motion to increase the amount.

"Joyce is a man of great wealth who lavished great expenditures on his wife," the court stated. "These expenditures before and after marriage totaled nearly \$1,300,000. It certainly is no injustice to ask him to support her now while an action of this kind is pending."

For the purpose of reaching his decision Judge Sabath said that the marriage of Peggy and Joyce was legal.

Joyce had contended that Peggy had not been granted her divorce from Sherburne Hopkins yet when he married her.

FAVORS BY PROOF.—Judge Sabath held Joyce had failed to prove his contention altho he pointed out his decision on the motion for alimony would not affect the question of legality of the divorce and marriage when the trial is held.

Altho Joyce declared Peggy had a large private fortune and was able to support herself, the court said:

"The wife, in an action of this kind, should not be compelled to explain her own estate with the income which she receives from her own money which the husband should pay."

The court allowed the petition of Joyce's attorneys for an appeal and gave them 40 days to file it.

Peggy's money will be tied up for that length of time at least.

PIPE PRICES CUT

United States Steel Corporation Announces Reduction

NEW YORK. — The United States Steel Corporation today announced reductions of \$2 to \$13 a ton in pipe and tube prices and \$5 a ton in wire and wire nails prices.

"Referring to our statement of July 6 concerning selling prices and in accordance therewith," Judge Elbert H. Gary, president, said in a statement, "we have decided to recommend to subsidiary companies that present prices of tubes be reduced as follows:

"Standard steel pipe, 1-4 and 3-8 inch, \$2 a ton; half to six inch, inclusive, \$4 a ton; sizes above 12 inch, \$4 a ton.

"Boiler tubes 1-4 inch, \$4 a ton; two to three inch inclusive \$12 a ton; 3-4 inch larger \$10 a ton."

The memorial will be dedicated to the memory of the soldiers of the Civil War, the Spanish-American War, the World War and to the country's defenders. The work will be completed by September 1st.

CHILD DIES.—PINDLAY.—Three months old daughter of Mr. and Mrs. Clarence Hutchison, died of heat prostration.

IRISH CONFERENCE RESUMED

Republicans and South Unionists Re-open Negotiations

PEOPLE CHEER MEETING

London Hopefully Watching For Results

DUBLIN. — (By the Associated Press.)—The conference between Irish republicans and southern Unionists called by Eamonn De Valera, the republican leader, began in Dublin July 4, was resumed here today. The personnel of the conference was the same as that of Monday—Mr. De Valera, Arthur Griffith, founder of the Sinn Fein, and four of the southern Unionists, Earl Middleton, Sir Maurice Dockrell, Sir Robert Henry Woods and Andrew Jameson.

Mr. De Valera was the first to arrive. He was loudly cheered as were all the other conference upon their arrival by the large crowd which had gathered about the Mansion House where the conference was held.

Lord Mayor O'Neill welcomed the delegates, who began their deliberations immediately.

CROWD CHEERS.—As the conference proceeded the crowd in the streets at intervals rejoiced the rosary and the litany and joined in prayer.

An interesting feature was the absence of both the police and the military. Only two policemen were in evidence, and the crowd was regulated by volunteers wearing small American flags in their button holes.

Irish ballads were sung by boy vocalists at intervals as the people awaited news from the peace deliberations and at one point a procession was organized which revolved about the four corners of the city.

At one o'clock this afternoon the conference emerged and the four Unionists left, announcing that the proceedings had been adjourned until four p. m. The crowd again loudly cheered as the conference left the Mansion House.

HOPE FOR PEACE.—LONDON. — (By Associated Press.)—Representatives of the Sinn Fein and the Unionists of South Ireland met at Dublin today to continue conversations which, it was hoped, would develop some basis for peace negotiations which would end the era of bloodshed that has prevailed in Ireland for many months. Everybody interested in the settlement of the Irish situation was anxiously watching for news from Dublin, but English political writers in this morning's newspapers seemed to believe the prospect of an agreement should be regarded more with hope than with faith.

This view was based largely on the belief that Eamonn De Valera, leader of the Sinn Fein, adhered unalterably to his demand for the establishment of an Irish republic, and that the British government, as well as Ulster, took its stand upon the Irish act, recently passed by the British parliament. It was stated that Earl Middleton, a south Irish Unionist leader, who was in London to confer with Prime Minister Lloyd George and others and who returned to Dublin last night, had taken with him an intimation that any settlement must go in harmony with the Irish act, in accordance with which the Belfast parliament was created.

COUNTER PROPOSAL.—Whether, in the face of such an attitude, Mr. De Valera would accept the prime minister's invitation to London was regarded in many quarters as extremely doubtful. Where the more hopeful view was taken, however, it was believed that Mr. De Valera might reply with a counter proposal. This, according to information received by the Associated Press from Belfast, might take the form of Mr. DeValera insisting that the government "put its cards on the table" before disclosing his own hand.

LABOR COUNCIL TICKET IS CERTIFIED, FRIDAY

Petitions for five candidates for city commissioner endorsed by the Lima Labor and Trades Council some weeks ago were filed in the office of the election board late Friday. This raises the field to a total of 13.

The petitions filed are for W. S. Barringer, H. D. Fugate, Edwin Black, M. B. Diehl and A. L. Wilker. Wilker is also endorsed by the "Committee of 200," and a petition was filed in his behalf by that organization Thursday.

POLICE WOMAN BANS BATHING SUIT ATTIRE

MUSKEGON, Mich.—Mrs. Sarah McVeigh, police matron, has banned wearing of bathing suits while shopping. Women recently have appeared on the streets and also in some of the downtown stores here clad in bathing costumes. The police matron announced bath robes must be worn over the bathing suits when women appear on the streets.

ROTARY PATIENT RECOVERING.

Harold Daniels, 7, one of the number of crippled children for whom treatment is being provided by the Rotary club, is again at City Hospital, after a 4th of July visit at the home of his grandmother, Mrs. I. E. Daniels and at the home of J. R. Marshall near Rockport for 11 weeks. The lad had been a patient at the hospital almost continuously since November, 1919. He is a son of Mrs. Lorretta Daniels, 323 1-2 N. Main-st. He is afflicted with tuberculosis of the knee. His condition shows improvement.

DEALERS URGE PASSAGE OF FRENCH COPPER BILL

WASHINGTON.—Plea for enactment of the French-Copper "truth in fabric" bill was presented to a senate committee today by retail clothiers and wool growers.

Herman S. Ritter, of Youngstown, Ohio, former president of the National Retail Clothiers' Association, declared that with the wool content marked on the goods, customers would know what they were buying.

MOTORCOP CELEBRATES HIS APPOINTMENT BY ARRESTING QUARTETTE

It's Motorcop Keller now, instead of Patrolman Keller. The transfer was made Thursday night.

Since former Motorcop Watkins was made a Detective and Motorcop Glover transferred from the night shift to the day, there has been no one riding motorcycle at night for the police department.

Keller started his new career with a vim. He arrested four speeders. Two of the number pleaded not guilty when arraigned in police court Friday morning, while one received a fine, and the fourth failed to put in his appearance.

Maurice Lytle, 19, 1020 E. North-st, pleaded guilty to the charge and was fined \$10.

J. R. Keif, 27, Bucyrus, Ohio, and F. W. Latner, 375 W. Market-st, pleaded not guilty to the charges against them and their trials were set for late Friday afternoon.

H. W. Orr, 27, Waynesfield, forfeited his bond when he failed to appear in police court.

CHARGE IS WITHDRAWN.

Charges of driving an automobile while intoxicated against Charles Stanick, South Side, were withdrawn in Justice Ernest M. Botkin's court Friday by Edward T. McGreevy, who filed the complaint.

McGreevy must pay the court costs.

LIQUOR CASE AGAINST F. W. JUDY IS DROPPED

Charges of having in his possession illegally a quantity of whiskey, against F. W. Judy, W. Wayne-st, late Thursday afternoon, were dropped when Judy was arraigned for trial in Justice William H. Guyton's court.

The affidavit was sworn to by Chief of Police Roush. Roush visited the Judy home and found 20 companions there with Judy, all of whom were arrested on June 25. The case had been postponed to this date.

EIGHT MILLION IN GOLD ON SEA

Five Ships Brave Reports of Piracy

NEW YORK. — (By Associated Press.)—There was a golden opportunity at sea today for buccaniers that some people believe have been testing ships right out in the ocean. Five steamers ploughing thru the Atlantic toward New York, have more than eight million dollars in British gold to be delivered to American banking houses.

All are passenger carriers, heavily manned and bankers express no fear of pirates looking for pieces of eight. The Mauretania has more than five million dollars in gold aboard while other shipments are on the Olympic, Carmania, Labland and Oropesa.

Already this week nearly seven million dollars in gold has been unloaded from steamers here. By mid July almost four hundred million dollars in gold will have been imported since the first of this year.

DEMPEY UNWILLING TO MEET ANY NEGRO

OMAHA, Neb.—Jack Dempsey, world's heavyweight champion pugilist, who passed thru here today on his way to Salt Lake City, in a statement to newspaper men, today, said he was unwilling to fight Jack Johnson, "or any other negro fighter."

THEFT CHARGE DENIED

Charged with having stolen a "motorcycle" from Eddie Cardol, R. M. Lindemann, 25, of 125 1-2 S. Main-st, was arraigned before Judge Emmet Jackson in police court Friday morning. Lindemann pleaded not guilty to a petit larceny. His trial was set for late Friday afternoon.

THEBA BARA, VAMPIRE OF SCREEN, REPORTED MARRIED TO DIRECTOR

NEW YORK. — Theda Bara, vampire of the screen, was today reported to have been secretly married at Greenwich, Conn., last Saturday, to C. J. Brabin, Fox Film Company picture director.

At the picture star's home the story was denied. Efforts to locate either Miss Bara or Brabin proved futile. They have been engaged for some time. Theda Bara is 30 years old. She was born in Cincinnati, Ohio. Her father is a Polish Jew and her mother French, a combination from which she drew emotional ability. Her name originally was Theodosia Goodman.

STEEL MILL CLOSES; 750 MEN OUT OF WORK

MIDDLETOWN, O. — Officials of the American Rolling Mills Company here announced today that they had shut down their sheet and joisting mill department today, due to the failure of the sheet and tin plate manufacturers and the Amalgamated Association of Iron, Steel and Tin Workers to agree at their wage conferences which have been in progress at Atlantic City and Columbus. Seven hundred and fifty men were thrown out of work by the action.

DELAWARE THREATENED BY FIRE, CONTROLLED

DELAWARE, Ohio.—The entire business section of Delaware was threatened with destruction by fire today.

Damage estimated at \$28,000 was caused before the blaze was gotten under control. The fire originated in a barn near the downtown section. A lack of wind prevented the flames spreading. The entire fire fighting force worked for hours before controlling the blaze.

FIGHT IN BELFAST

Sinn Feiners and Police Party Clash

CONSTANTINOPLE.—(By Associated Press.)—The allied commission of inquiry into recent developments in the Imdid district, to the east of this city, where depredations were alleged to have occurred during successive occupations by Greeks and Turkish Nationalists, returned here today and reported that Greek marines had slaughtered several hundred Turks in the Imdid area.

The civil administration in the town of Imdid has again been put into operation and has re-established order. The naval detachments which were landed by allied warships and the American naval units which were sent ashore for the protection of national interests have been withdrawn.

The Turks, the commission reported, have promised security to the orphanages and the Christian population generally.

NURSES IN KABER HOME ON STAND

Damaging Evidence Against Cleveland Woman Submitted

HUSBAND AND WIFE QUARREL

Alleged Murderess Unmoved As Testimony Is Given

CLEVELAND — (By Associated Press) — Testimony considered by the state to be of vital importance in establishing its claim that Mrs. Eva Catherine Kaber first attempted to kill her husband, Daniel F. Kaber, by poisoning before his murder, was given today by Miss Crystal Benner, a nurse who attended him.

Miss Benner said she attended him also at Mercy Hospital where he had been operated on to ascertain whether he was suffering from cancer, she said.

While Kaber had vomiting spells after eating food at his home, served him by Mrs. Kaber, Miss Benner said he never vomited after eating at the hospital but once and that was after Mrs. Kaber had visited him. She said Kaber told her that Miss Kaber had given him candy.

INQUIRIES ABOUT HUSBAND — Miss Benner said that Mrs. Kaber called by telephone at 2 o'clock in the morning after her visit to the hospital, to inquire about his condition. This was the only time she ever called to make such inquiry, Miss Benner said.

Miss Benner said she was employed as nurse from April 27 to May 21, preceding his murder.

Preceding Miss Benner on the witness stand, was Miss Emma Wagner, a maid in the Kaber home from April 7 to July 7, before the murder of Mr. Kaber on July 28, 1919. Miss Wagner also testified that Kaber became violently sick after eating candy given him by Mrs. Kaber and that on one occasion he spit the candy out. She also testified that Kaber always became ill after eating. She said she generally prepared Kaber's food at home, but that Mrs. Kaber served him. Miss Benner said that Kaber's food was prepared at home by Mrs. Kaber. Miss Wagner told of Kaber vomiting after eating strawberries over which powdered sugar had been sprinkled by Mrs. Kaber.

KABER'S QUARREL — That Mr. and Mrs. Kaber often quarreled also was testified to by Miss Wagner. After one of these quarrels she said she heard Mrs. Kaber say:

"Dan, if there's a God, you'll suffer before you die."

Miss Wagner also told about Kaber having to hunt his Masonic ring, set with a large diamond. She said she found it in Mrs. Kaber's room but that Mrs. Kaber told her not to say anything about it as it was her daughter, Marian McCade's.

The state contends that this ring was given to the persons who stabbed Kaber as part payment for killing him.

Unemotional, Mrs. Eva Catherine Kaber sat thruout yesterday in Judge Maurice Bernon's little stuffy court room while state witnesses testified that the dying words of her husband, Daniel F. Kaber, for whose murder she is being tried, were:

"My wife ordered this done."

Neither did she display emotion when the blood-stained dagger with which Mr. Kaber was stabbed twenty-four times, was displayed, nor when witnesses said she had told them that she wanted her husband murdered.

POLICEMAN TESTIFIES — Kaber's alleged accusation was testified to by Police Lieutenant L. B. Miller, the first outside person to reach him after the stabbing, and also by Dr. W. J. Quigley, one of the first physicians to arrive.

"I saw only one of them, but there must have been two," Lieutenant Miller said Kaber told him. "One was a man with a cap."

The "man with a cap," according to County Prosecutor Edward C. Stanton, was Salvatore Gals, apprehended near Buffalo, N. Y., and now held on a first degree murder charge.

Mrs. Maria Matthews, a palmer, testified that Mrs. Kaber, few days before the murder, brought a large box of silverware and linen to her home and that after the murder, Mrs. Kaber gave her the articles. The silverware and linen were offered as exhibits.

JEWELER HELD ON CHARGE OF ROBBERY BY PARTNER

NEW YORK — William Snyder, manufacturing jeweler, was held by the police today on a charge by his partner that Snyder staged a \$26,000 diamond robbery at their plant three weeks ago.

According to the police, Snyder confessed that he planned and executed the robbery, undisturbed, he put himself on the head with a mallet until he bled profusely, in order to lend color to his story of an attack by two bandits.

RACES WITH DEATH—WINS, THEN LOSES AT HOSPITAL

SEATTLE, Wash. — Captain, L. A. Pederson, wealthy Alaska salmon packer, won a race with death recently from Unimak Pass, Alaska, to Seattle, but death conquered finally late yesterday when he died in a hospital after an operation for which he had hastened here.

TEACH KENTUCKY VOLSTEADISM

Twenty Convicted of 200 Accused in One County

SANDY HOOK, Ky. — (By United Press) — Judge A. N. Frisco today continued to teach Volsteadism to bootlegging moonshiners, who have followed the practice in surrounding hills for 50 years.

"What bootleggers we haven't in jail are out of the county now and the soldier boys and sheriffs are arresting them as fast as they poke their noses over the line," Judge Frisco said today in declaring his intention of drying up this moonshine section.

"Some of the bootleg gang threatened my life and the lives of nearly every one else in town, but we had to call the state guard in for protection when they began intimidating witnesses."

The "moonshine court" in two days has convicted 20 of the 200 accused natives. Another batch will be tried today and Monday. Judge Frisco said he expected to finish the work next week, and they take up two more cases growing out of the bootleg war.

CAMPAIGN OPENS FOR CHAUTAUQUA GUARANTEE FOR NEXT THREE YEARS

"The Mikado," Gilbert and Sullivan's ever popular comic opera, was the feature of Thursday's program at the Lima Chautauqua. A company of New York singing comedians headed by Leo Daly vs. Ko Ko, the Lord High Executioner, kept the audience in a constant uproar of laughter. Attractive Japanese settings aided in the presentation of the opera.

Friday evening the Vivian Players will present "The O. J. My Heart." This comedy by J. Harley Manners is one of the most famous plays of the present generation and should prove a treat to the chautauqua patrons.

A campaign was initiated Thursday evening by I. R. Longworth to secure 150 guarantors for the next three year period. It is the belief that the chautauqua has proven itself a helpful institution in the city and that it should be continued. Operations during last three years have proven very profitable and a surplus of about \$800 has been accumulated. This will be used as an insurance fund to protect the guarantors and extra features for coming chautauquas.

RAINFALL IS BLESSING TO UMBRELLA MENDER FINED FOR DRUNKENNESS

Ed Mannion is thankful that it rained Friday. Ed arrived in Lima from Kokomo, Ind., Thursday, just to see if any Limaites had umbrellas that needed mending. You see, mending broken umbrellas is Ed's trade. Business was pretty good Thursday, so Ed purchased a bottle of "Old Jake" just to celebrate prosperity.

Then Ed spent Thursday night in city prison. Brought before Judge Emmett Jackson in police court Friday morning, he was fined \$15. "Gee," exclaimed Ed, as he stepped forth from city prison. "It rains. Maybe I can make that \$15 while the weather is favorable to my trade."

LIGHTNING FROM CLEAR SKY KILLS WM. STUBER

OTTAWA — (Special) — William Stuber, 36, farmer in Palmer (Pa.) was instantly killed Wednesday afternoon by a bolt of lightning from a clear sky, while plowing in a field near the family home. He was a graduate of the Ottawa high school and is survived by his parents and one sister.

ABATTOIR BURNS; LOSS SET AT FIFTY THOUSAND

SPRINGFIELD, O. — Loss estimated at fifty thousand dollars resulted last night when fire partially destroyed the Pink and Heine abattoir on the outskirts of the city. The slaughter house was filled with meats all of which were destroyed. The blaze started in the smokehouse. Owing to the location of the abattoir firemen were able to get but one line of hose to the scene.

HOOTS AND JEERS KELLEY HAD VERY CLOSER CALL

Civil Service Board Divided in Houtz Case Finding

WAPAK PATROLMAN FIRED

School Teachers Resign—Neighboring City News

WAPAKONETA.—(Special.)—By a vote of two to one the municipal civil service commission Thursday night sustained the charges made by Safety Director Adrian Seitz against Night Patrolman Fred Houtz, alleging incompetency, insubordination, inefficiency and discourteous treatment of a citizen.

Seitz filed charges against Houtz on June 10 and since then he has been off the force without pay. The charges as related in detail at the hearing Thursday, accuse Houtz of neglect in holding a suspect, using abusive language to a woman, threatening the Safety Director and failure to make reports.

The two Republican members of the body, Ed Taylor and V. J. Woelke, signed the decision. The Democratic member, J. D. Groll, refused Hoots and jeers greeted the commission's decision when announced to spectators.

Wheat has taken another drop of two cents and is now quoted at the low figure of \$1.03 per bushel in the local market.

Two high school teachers, Misses Ruby Wintzer and Mildred Oving, resigned from the Lima High School. Wintzer, Pera Campbell and Edith Stabaugh, were employed.

A committee representing the Kiwanis Club is active in having owned 20 feet off their Auglaize properties to be used as part of an improvement that will be made along the bank of the Auglaize river. It will cost \$29,000 and will include a concrete retaining wall.

During the six-month period ending June 30 there were 124 marriage licenses issued and 23 divorces granted. Five divorce petitions were dismissed in Auglaize-co.

Funeral services for Henry W. Jans, 65, who suicided by hanging, while mentally deranged, will be held Saturday morning from St. Joseph's church here.

Joseph Haberkamp and Lawrence Jans, inmates of the county jail, were charged on charges of insanity, were declared to be not insane. It was found that Haberkamp was suffering from the heat, which affected his mental temporarily and

To Make Rich Red Blood

Revitalize your worn-out exhausted nerves and increase your strength and endurance

Dr. Ozonol, from not metallic iron which people usually take, but pure iron—Nuxated Iron which is the iron in your blood and like the iron in spinach, lentils and apples. One ounce of Nuxated Iron is estimated to approximately equal about (in organic iron content) to eating one-half pound of spinach, one quart of green apples or half a dozen apples. It is a natural extract of beef instead of eating pounds of meat. Nuxated Iron is partially digested and ready to absorb immediately and without stimulation by the blood, while metallic iron just at it comes from a solution of strong acids on small pieces of iron filings. Over 4,000,000 people annually are taking Nuxated Iron. It will not irritate the teeth nor disturb the stomach. Few doctors will often commence to treat your blood. Your money will be wisely spent by the manufacturer if you not obtain satisfactory results. Beware of substitutes. Always insist on having genuine organic iron—Nuxated Iron. Look for the letters N. I. on every tablet. Sold by all druggists.

He Thought His Time Had Come, States Covington Citizen

"I honestly believe Tanlac saved me from a bad spell of sickness, and besides that, it built me up to ten pounds in weight," said G. M. Kelley, 420 Highland-st., Covington, Va., well known electric crane operator for the West Virginia Pulp and Paper Company.

"Nearly a year ago I began to feel sluggish, my sleep became broken, and my appetite failed me. Many mornings I only took a cup of coffee, and what I ate at other meals was far below what I had been used to eating. I became constipated, had dull backaches and a heavy, tired feeling all the time and dizzy spells that made me unsteady on my feet. I also had several attacks of acute indigestion, and one night I thought my time had surely come. I got to where I couldn't get thru with my work as easily as I always had, and was getting worse right on. I couldn't have stayed out of bed much longer."

"Well, I felt pretty near 'down and out' but my wife was taking Tanlac, so I decided to see if it would help me like it was her. I began to take a few doses out of her bottle and these did me so much good I got a bottle for myself. This one bottle turned the trick, and my appetite is fine now, and I've been feeling perfectly well in every way ever since I finished it. I am chock full of life and energy. My work is interesting, instead of a task, and I never have any pains or aches any more. Tanlac is certainly the favorite medicine at our house, for it restored my wife and myself both to perfect health, and we wouldn't think of being without it."

"Tanlac is sold in Lima by Hubner's Drug Store. — Adv.

CHIEF FIRED, KOOP QUILTS HIS JOB

St. Marys Man Refuses to Stay With G. O. P. Choice

ST. MARYS — (Special) — Emil Koop, since 1912 deputy purchasing agent for the State Board of Administration at Columbus, resigned Wednesday, taking umbrage at the deposition of his chief, L. V. Lyons, who was removed to make room for a Republican under the reorganization measure. The place was tendered to Koop by H. M. Miller, assistant to the new chief, but Koop declined the offer. He was first appointed by Governor Harman in 1913. Koop will not return here, but will take a position with a Columbus wholesale corporation.

C. J. Boesel, hardware dealer at New Bremen, near here, fell while walking in the rear yard at his home and sustained a compound fracture of the bones in his left arm.

Wheat being threshed in this territory is showing tests of 58 to 59 pounds to the bushel at local elevators.

A porch climber tried to gain entrance to the home of Henry Vanderhorst here Wednesday night, thru an upstairs window. Vanderhorst's daughter was awakened by the growler as he was climbing into her room. She screamed and the intruder decamped, making his escape.

After being at a standstill for more than a month, work has been resumed on the construction of the armory here.

GRAVE RECEIVES BODY OF LEWIS SCHONAGER

Funeral services for Lewis Schonager, 68, who died at the City hospital, Wednesday night, were held

Friday morning and the body was interred in Gethsemani. Schonager was a race horse follower, and had just returned from Michigan with a string of horses for Harry Englewright, 418 N. Central-ave., when stricken Monday. Death was due to a complication of diseases.

DIES OF BURNS
COLUMBUS — Mrs. Mary Hartman, 28 years old, died today from injuries received when a cookstove exploded in her home because of use of kerosene. Mrs. Elsie Beck and her seven months old baby, visitors at the Hartman home, were in a serious condition as a result of their injuries.

REPORT FAVORS GRAIN BILL

Would Regulate Exchange; Amendments Proposed

WASHINGTON — Favorable report on the Capper-Tincher bill to regulate future dealings on grain exchanges was ordered today by the senate agriculture committee by unanimous vote.

A senate committee amendment would place the administration of the bill under a commission consisting of the secretary of agriculture, secretary of commerce and the attorney general, instead of secretary of agriculture alone as in the house bill and another would prohibit private wire houses and bar boards of trade and their members from leasing wire connections with any but official "contract market" points. A board of trade or a member of such a board operating under the bill could be suspended for six months period for violation of rules laid down, but with right of appeal to the federal courts.

The rule against rebating on commissions was made non-applicable to cooperative marketing associations formed by producers.

Senator Capper said he planned to press the measure for consideration after the Morris grain export bill was disposed of by the senate.

REGAINS HIS SPEECH.
INDIAN HEAD, Ark. — A parallel to that of the American soldier who regained his speech during an airplane flight has been in light here. Over a year ago, Wilfred Verner, a young farmer, was kicked in the head by a horse, and he had been unable to speak until the other day at a picnic he took an airplane ride. As a result of his sharp bumps and dives he was ill when he landed, but was able to talk.

STRIKE STRIKES WIFE.
BRIDGE, Pa. — Mike Strike was arrested last night on a warrant charging him with striking his wife, Mary Strike. Mike gets a hearing next week.

PEACE RESOLUTION IS PROOF AGAINST SUITS BY ALIENS, BUREAU SAYS

WASHINGTON — The peace resolution is proof against restoration of ex-enemy property via the courts, George E. Williams, managing director of the alien property bureau declared today.

Williams said that the government was not alarmed at the report that a battery of lawyers retained by ex-enemies would file suits for the return of property held by the alien property custodian immediately after the peace.

About 11,000 estates of a total valuation of approximately \$500,000,000 are now in the hands of the custodian, Williams said. Of this amount, \$326,855,000 belongs to German subjects; \$39,555,557 to Austrians and \$91,562,052 to "American enemies." However, some of the property has been returned since the armistice and the latter figure is now smaller, Williams said.

CITIZENS ONLY, ELIGIBLE
COLUMBUS — Examinations for admission to the practice of law in Ohio, will be restricted to citizens of the United States hereafter, the state supreme court agreed today. The change provides only native-born Americans or students of foreign birth who have full citizenship papers, are qualified.

URGE CHARGE IN CHARITY WORK

Recommend Duties Be Shifted to State Juvenile Bureau

COLUMBUS.—(By Associated Press.)—Recommendation that the state bureau of juvenile research assume charge of the duties of the state board of charities is contained in the report of the legislative committee which recently investigated the juvenile research department. The state board of charities now has entire charge of sane and normal, the poverty-stricken children and the state bureau of juvenile research has custody of mentally defective and criminal children. The committee has placed its report in the hands of Governor Davis, who sent it to Welfare Director Macayal. A compliment is paid to Dr. J. H. Goddard, director of the bureau. The report says that some provision should be made to relieve him of his administrative duties in order

that he may give his whole time to scientific work.

Evidence substantiating the efficient service of the medical department under Dr. Gertrude Trauseau, who resigned along with Dr. Florence Mateer last winter, is upheld in the committee's report.

MRS. SNOW, MT. VERNON APPOINTED MOVIE CENSOR

COLUMBUS.—Mrs. Evelyn Frances Snow, Mt. Vernon, is chief of the new division of the film censorship in the department of education. Mrs. Snow was one of the old state board of motion picture censors, having received her appointment from Governor Davis.

The present announcement is announced by Director of Education Riegel. Mrs. Snow will receive a salary of \$3600. Two assistants at \$1800 are yet to be named.

LANE ESTATE VALUED ONLY TEN THOUSAND

SAN FRANCISCO, Calif. — The estate of the late Franklin K. Lane, former secretary of the interior, will not total more than about \$10,000, according to a petition filed in superior court here yesterday, asking letters of administration. Mr. Lane left no will, the petition cited, and his estate consisted of some 18 acres of farm land in Contra Costa co., California, and a few shares of stock in a mercantile company. Mr. Lane's widow, his son and

daughter would share the estate, the petition said.

TO FLY PACIFIC

Australian Aviator Plans Trans-Ocean Flight

SYDNEY, N. S. W.—(By Associated Press.)—An airplane flight across the Pacific ocean is to be attempted soon. It was announced recently, by an Australian aviator, Lieutenant P. J. Parer, who some

time ago flew from England to Sydney.

To raise fifteen thousand pounds to finance the trans-Pacific attempt, Lieutenant Parer has started on an exhibition flight around Australia. It will be possible to follow a chain of islands from Australia two-thirds of the way across, but on the American side of the ocean there will be a long stretch in which there is no land.

Cowpunchers and Airplanes To
Add Thrills

KANSAS CITY, Mo. — (By Associated Press) — The stage is being set in Kansas City for the liveliest national convention the American Legion has seen when the veterans of the A. E. F. assemble here October 21.

Cowpunchers from Montana arrayed in "chaps" and "sombre" will flash thru the streets on cowponies provided by the Grover Metzger post of the legion here, composed of local stockyard men. Airmen will perform aerial stunts under the direction of the Kansas City Flying Club, which has posted prizes. Legionnaires from Iowa are scheduled to arrive in "side door Pullmans" bearing the familiar "40 hommes, 8 chevaux" legend, so well known to veterans of French troop trains.

Also, among those present will be President Harding, General John J. Pershing, late "C in C" of the A. E. F., Marshal Foch, and Admiral Sir David Beatty, hero of the battle of Jutland.

A delegation of five Legion men is scheduled to arrive from Canada and a similar contingent from Panama. Thirty-five hundred accredited delegates in all are expected. A much larger number, from the territory adjacent to Kansas City, will be on hand for the parade opening the three days' sessions. Many towns in Missouri and Kansas have sent word that they will have large delegations down for the parade.

ROWLANDS' VICTOR BRANCH
OPENING GRAND SUCCESS

The opening of The J. W. Rowlands Furniture Store's new \$10,000 Victor Department was held last evening and was a grand success. The store was thronged with people brought the evening and all was pleased with the courtesy extended by the store organization. This store is noted for its courtesy extended to the customer.

The response to the opening was far beyond the expectations of Walter D. Rowlands, manager of the store. While hundreds had to go away without a souvenir, they will store is noted for its courtesy extended to the customer. The names of those who did not receive souvenirs were obtained. The response was so great that within thirty minutes after the opening of the doors the large supply of Victor Dogs and Bones was exhausted.

Professional Medal of Honor, the highest decoration for bravery that the country bestows, will be invited to attend the convention with their wives as guests of honor, all expenses being paid by the legion.

It is planned to build temporary tracks and run Pullman Cars into the heart of the city, where they will be "parked" for the accommodation of delegates during their stay.

In addition to the American Legion convention, various divisional and unit reunions will be held at the same time. Members of organiza-

tions desiring to hold such reunions are being urged to communicate with the registration division of the legion convention here.

A War Department exhibit of war materials, used and captured, is also to be shown.

TO ADMINISTER ESTATE
Lewis E. Fenneman, 421 Nye-st., has been appointed guardian of Irvin T. Fenneman, 12, heir of the late Lily E. Fenneman, deceased. The child has \$100 in money and a house and lot, located at 495 Nye-st.

STAY OF EXECUTION OF SENTENCE GRANTED DONOVAN AND WILLIS

Court of appeals on Friday granted a stay of execution of sentence for George Donovan and Joe Willis, members of the gang arrested here on May 21, after a running battle with police.

They were sentenced on Thursday to a minimum term of three years

in the Ohio penitentiary. Both had at the farm home of Samuel and Daniel Fett, bachelors, in Richland-twp. on May 13.

It will probably be near to Thanksgiving before court of appeals passes on their case. In the meantime the prisoners will be kept in the county jail here, instead of being taken to Columbus to enter upon their sentence.

Stay of sentence was asked court of appeals by their legal counsel, Judge Becker informed Sheriff Charles

Baxter Thursday a stay would be asked and told him he was not to take Donovan and Willis to the penitentiary, until further orders.

TWO "MEXICANS KILLED."

WASHINGTON.—The state department today was awaiting a further report on the killing of two Americans by highwaymen in the Tampico district in Mexico. The consul at Tampico reported the killings, but his cable was so garbled that details could not be learned from it.

NINEOLA — After eleven minutes deliberation, a jury found Lawrence Kupal guilty of first degree murder for the slaying of Mrs. Minnie Bartlett, wealthy widow.

BETTER BOBBED THAN BALD

Blond Girl Rushes To Defense

SHORT HAIR SAVES TIME

Shiny Dome Creates Desire to Offer Tip

By PAUL R. MALLON
(United Press Staff Correspondent)

HARTFORD, Conn.—A bald-headed man looks less business-like than a bob-haired girl—and most times he has less sense.

This was the answer today of Miss Mabel Johnson, 18, bobbed, and blonde, to J. K. Daniels, slightly bald brunette, head of the employment division of the Aetna Insurance Company.

Miss Johnson was refused a position with the company, chiefly because she had bobbed blonde hair—that straight flaxen kind which Daniels said was a sign of “light-headedness.” He has put in force a policy of not hiring peroxidized blondes and bobbed hair girls.

SHOULD BE WAITERS

“Bald head men ought to be waiters in a restaurant,” Miss Johnson told the United Press. “Every time I see one of those shiny domes with a mock dignified little fellow underneath it, I want to tip him a dime.”

“I don’t think I have any less sense now than I did before my hair was cut. There’s always a big rum-pus like this when women try to get away from uncomfortable unconventional styles for healthful informality and ease.”

“I bobbed my hair because it’s cooler without that heavy knot on my head, and I save about 15 minutes in getting to work every morning because I don’t have to fix my hair.”

“If I have a husband and his hair ever falls out, I’ll buy him a toupee,” Miss Johnson applied for work from Daniels while the United Press was interviewing him. He said he had received letters from girls in all parts of the country protesting his stand.

PUTNAM-CO BANK GIVEN VERDICT

Wins \$12,250 Value Of Bonds Stolen In 1919

A verdict in the sum of \$12,250 as returned by the jury at Bucyrus or the Farmers’ Bank of Pandora, Putnam-co, Wednesday, in its suit against George Sullivan and Harry Everett, of that city, to recover due of bonds alleged to have been from the institution in a bank robbery in 1919.

Verdict for the full amount asked (two days’ trial) of the case before Judge Worley, of Cadiz, Harrison-co, who presided in place of Judge Walter Wright, who withdrew when Charles Gallinger, legal counsel for Sullivan and Everett, filed a affidavit of prejudice.

According to the late chattel property attached is ordered sold. Order sale does not apply to real estate owned by Everett on S. Railroad-st. Bucyrus. Everett’s big State Automobile and bar fixtures and money belonging to Sullivan is included in the property which was attached and which must be sold.

Both Sullivan and Everett are now serving terms in the Ohio penitentiary, having been convicted of equally handling stolen Liberty bonds.

PRECKLES

Don’t Hide Them With a Veil; Remove Them With Othine—Double Strength

This preparation for the removal of freckles is usually so successful in removing freckles and giving a fair, beautiful complexion that it is under guarantee to refund the money if it fails.

Don’t hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.—Adv.

MANAGER'S ORDER DISREGARDED

Cars Fail To Run In Dayton
Despite Ultimatum

DAYTON — (By United Press) — The celebrated order of City Manager Barber to the street car companies issued yesterday to move the cars by 7 o'clock this morning, with old men or others, was disregarded and Dayton is still walking. Seven o'clock came but no man reported at the car barns to take out the runs.

Afternoon came and the same thing happened. The indication was that the striking platform men would not respond and the companies are fearful of employing strike-breakers, although the city manager promised full protection.

No special arrangements were made for protection, further than to station a policeman at the various car barns.

WILL ACCEPT CIT — The strikers have signified their willingness to accept a wage cut of 17 cents an hour but they insist that a working contract be signed and the union recognized. This the com-

panies have so far refused. There are many speculations as to what the outcome will be, but the chances of the cars resuming operations today appear to be remote.

The Central Labor Union executives in a signed public statement pledged their support to the street car men and make an attack on City Manager Barber who draws a salary of \$12,000 per year.

The car companies expressed the hope to resume operations tonight or tomorrow with any men who apply for places as motormen and conductors. At noon, it was not thought probable that any cars would run today.

DAVIS AND WILLIS START FUND FOR PURCHASE OF PRESIDENT HAYES HOME

DELAWARE, O. — Governor Davis and Senator Willis today started off the D. A. R.'s campaign to raise \$7,000 for the purchase of the Ruthven farm in Hayes's birthplace here. Each subscribed \$50. The D. A. R.'s expected to raise the entire amount today. If the purchase price is not forthcoming the Standard Oil Company, which owns the property, will begin tearing it down July 15 to make room for a filling station.

A telegram was received by Mrs. Betty Middle from George B. Christ, secretary to President Harding, saying the president would mail \$50 as his personal contribution to the fund. At noon \$3,000 had been received.

OVERSEA NURSES TO MEET AT COLUMBUS AMERICAN RED CROSS CONVENTION

COLUMBUS — Reunions of overseas nurses and those engaged in public health service will feature a first national convention of the American Red Cross to be held here October 3 to 8.

The convention which will be held in the state fair grounds is expected to bring 8,000 delegates. President Harding, General Loring, Secretary of War Weeks, Secretary of Navy Denby, Dr. Loomis, chairman of the Red Cross, Miss Mabel T. Boardman, national secretary and other government and organization officials have been invited to make addresses.

The first four days of the gathering will be devoted to phases of the work of the American Red Cross. The first day will be Junior Red Cross Day featured by a pageant with 1,000 children participating. William Jennings Bryan has been selected as the speaker. The second day will be Home Service Day. Dr. J. B. Mead, the fourth health and the last day will be given over to summing up by delegates of what has occurred previously.

A spectacular and historical pageant will be presented two nights of the convention. The pageant will be a review of the growth and work of the organization.

MAYOR CONVICTED OF SHOOTING

Former Cambridge Executive
Given Heavy Sentence

CAMBRIDGE, O. — (By Associated Press) — Former Mayor Jacob J. Calvert, found guilty on a charge of shooting at Thomas McNeice with intent to wound, was sentenced today to serve from one to twenty years in the state penitentiary. Judge Charles S. Turnbaugh passed sentence in overruling a motion for a new trial.

McNeice, a Barnesville garage owner, was shot when Cambridge officials fired on his automobile while searching for whiskey runners on the National Pike east of Cambridge on the night of March 11. Calvert was the first to be tried. Others indicted are L. R. Campbell, former safety director, John A. Long, police chief; F. M. Hardesty, deputy game warden and Don Whitacre, driver of the automobile used by the city officials. Attorneys for Calvert announced that Calvert's case would be carried to higher courts.

FRENCH GOVERNMENT HAS RECALLED COMMISSION

PARIS — (By United Press) — The government has ordered recall of the French legal mission at Leipzig as a protest against "hypocrisy" of the German trials of war guilty in that city, it was announced today.

This followed acquittal of General Slinger, accused of ordering war prisoners executed.

It was added that France would refuse to recognize any more of the trials which are regarded as farcical.

SHOWERS CHASE HEAT RECORDS INTO DISCARD

The heat wave is slowly breaking. A generous shower Friday morning helped materially to chase the mercury downward. The highest mark

attained Thursday was 88. Friday at 11 p. m. the maximum temperature was 88, a drop of 11 degrees. Showers have been general over the state and more are predicted, giving the weather man the courage to predict a breaking down of the torrid temperature.

HEALTH HINTS

By William Brady, M. D.
THE HANDSHIPS OF VACATION
The annual autumn toll of typhoid among returning vacationists is constantly diminishing as vacationists become more generally enlightened as to the perils of untested drinking water, flies in the dining room, and food-handling human carriers of typhoid bacilli. Then, too, a fairly large proportion of vacationists nowadays are immune to typhoid by reason of the prophylactic bacterin ("anti-typhoid vaccine") administered millions of young men in war time. So far as the danger of untested water is concerned—that is, water not approved for drinking purposes by the local health authorities—there are two factors of safety: (1) boiling water five minutes; (2) dissolving in each quart a halazone tablet (a chlorine compound for sterilizing chloride of lime).

A vacationist heading for the wilds or for a camping trip should not fail to include in his equipment a simple first aid outfit—but it is not necessary to carry a trailer or an extra wagon to hold the first aid outfit. A suitable outfit will be described presently. A suitable outfit will be described presently. Trouble with most so-called first aid kits is they are cluttered up with mere fillers for the sake of appearance or maybe somebody's profit.

Tenderfeet frequently overdo the matter of exposure and suffer with sunburn. It is well to subject the skin to very brief exposures—not more than five minutes of direct sunlight three times a day the first day—and gradually increase the periods of exposure by five or ten minutes daily. When going on the water or otherwise exposing the skin for prolonged periods, keep covered with clothing, or coat the exposed skin with cold cream or zinc oxide ointment and a heavy dusting with talcum powder. This is more comfortable as prevention than effective as cure. But there is nothing better for the relief of sunburn than freshly made cold cream or zinc oxide ointment, sprinkled over with plain talcum.

No vacationist should permit to his or her mind to be troubled by such obsolete vagaries as the green apple myth or the notion that cucumbers contain anything injurious or poisonous or the idea that any animal is more likely to be rabid in the "dog days" or that a bite is more likely to convey the infection of rabies if the weather is hot or the animal is known to be of an ugly disposition.

What should be done in the case of a bite by an animal, when the question of rabies arises? If the animal can be identified and confined under the observation of a veterinary for two weeks, of course the owner's expense, then the veterinary can give a pretty positive opinion whether the animal is ill. If his opinion is that the animal is not ill, there is absolutely nothing to be feared. If he is not sure, then, and then only, the animal may be killed, the head at once sent packed in salt to the pathologist designated by the local health authorities and the pathologist's examination will determine whether the animal had rabies. If the report is positive, then, and then only, the person bitten should be given the anti-rabic treatment, which is now available everywhere for administration at home, by the family doctor. The first aid treatment of bites will be described later.

OPEN LETTERS

To Senator Canyon

DEAR SENATOR: You and your colleagues who successfully opposed the vacation for senators while important measures of the nation waited are to be complimented. You were able to keep your body in session by a small majority in order that the administration may work on matters essential to the return to normalcy.

I most heartily agree with you concerning the need of speed. You and those who voted with you are not alone in the realization of the fact that the administration must "come thru" with some constructive measures soon to get the business machinery of the country functioning.

You expressly mentioned the agricultural interests in your speech opposing adjournment of the Senate. Everyone knows that the farmers are suffering. You were right when you said that they will not turn bolsheviks, but they must have relief.

I realize that this is pretty hot weather to keep the senators cooped up at the capital, but they will suffer no worse than the people whose interests they represent are suffering because of the fact that the present administration has failed to give the country a single constructive piece of work since its inauguration.

LIMA BEANE.

To County Commissioners

BOYS: I have just had occasion to travel over highways of a number of Ohio counties and, much as I hate to say it, I found none worse than those in Allen-co. I must be truthful and say that I found none as bad.

Way down in the hilly territory where they receive only a small percentage of the money in the way of taxes you have I found fine roads. I had heard considerable knocking on the roads of our county by tourists, but did not realize how bad they are until I traveled over those of a large number of counties.

Why not get busy and give us some real roads?

LIMA BEANE.

To "Y" Workers

DEAR FOLKS: It pleases me to note the efforts you are putting forth in behalf of the enjoyment of the kiddies of my city, in providing a summer camp and arranging overnight hikes for the boys.

There is nothing that is enjoyed quite so much by the average American boy as a trip to the fields and woods in seasonable weather, to sleep in the open and partake of "feeds" prepared in camp fashion.

The boys will enjoy the experiences, I am sure and it will also help to direct them in proper channels, under the influence of the men in charge of the summer diversion.

LIMA BEANE.

To Dr. Poling
To Dr. Sutter

GENTLEMEN: To you, as health commissioners in the city and county respectively, I am addressing this message thus publicly, concerning the horrible condition of Ottawa river, under stress of intense heat and lack of rainfall.

The river, for a long distance thru the city and to the southwest, at any time is not the most inviting, but during the summer months the stench is nauseating. How those whose places of residence is located near this odoriferous stream are able to withstand the terrible smell, is more than I can understand, unless it is that they have become so accustomed to it that they do not mind it.

The river is anything but a good advertisement for Lima. My city has the reputation of being a good spender and while it would require a goodly sum of money to erect a disposal plant to take care of the city sewage and eliminate the awful condition in the river, I believe it would be money well spent. As a matter of self-protection the county could well afford to lend every assistance, including finances, in the erection of a disposal plant.

The state of affairs has become such that the river is a real menace to health and something should be done to relieve the situation.

LIMA BEANE.

To Governor Davis

MY DEAR HARRY: The news dispatches inform me that more trouble is being cooked up for your reorganization measure, now in effect. I understand that the state industrial commission refuses to accede to your demands that it give up its authority over employees, on the ground that the constitutionality of this part of the upper bill is questioned by persons in close touch with the industrial commission.

If there are any really good features about the reorganization measure, I trust that they will have an opportunity to show themselves. Contemplating the stormy time the new law has been having, it recalls the old saying that "where there is a lot of smoke there surely is some fire."

If the reorganization bill tampers with the constitution, as is claimed, there'll be a reckoning that will not be exactly comfortable for those responsible for it.

LIMA BEANE.

To Lima Policemen

DEAR BOBBIES: While it is a fact that each and all of you have your troubles in large measure and while your efforts to perform your important part in the affairs of the city in the preservation of the peace, quiet and good order, is appreciated, reports have reached me that not all of you, on all occasions, are as kind and considerate as the occasion might warrant.

The really successful policeman is not the one who makes the most arrests, but that individual whose very presence is an invitation to the preservation of law and order. I am sure that none of you mean to be ungracious or unkind or discourteous, but there are times when a kind word gets eminently better results than rough stuff.

Doubtless there are times when strong arm methods are necessary, but it is not always required. Treat 'em rough when the situation demands it, but otherwise, meet courtesy with courtesy. It pays.

LIMA BEANE.

To Chautauqua Talent

FRIENDS: Your visit made to Lima this week, to perform your part in making up a successful and pleasurable chautauqua program, has been greatly appreciated.

You have brought to my people messages of the greatest value. You have given your hearers new visions in many things, as a result of your experiences in other fields and your research for material designed to be an aid to mankind.

Chautauqua entertains; it also serves to broaden the minds of those who advantage the opportunity afforded them. I thank you for coming among my people with your forward looking messages, your splendid entertainments and your genial presence.

LIMA BEANE.

To City Officials

GENTLEMEN: I have noticed, in my peregrinations about the business part of the city, that the same old nuisance that has existed year after year, is still with us.

I refer to low awnings, those treacherous and temper disturbing contrivances that are designed to keep the sun's rays out of show windows, but which also persist in knocking hats off unsuspecting and preoccupied pedestrians.

If you but knew the cussings you have been given by those who have their heads lumped on low awning frames, I rather suspect you'd take a tumble to yourselves, get busy and have the sun shades elevated. Why not give it attention?

LIMA BEANE.

To My Citizens

DEAR FOLKS: I know all about how you have been suffering from the heat of the past few days, because I'm one of you and right now I'm sitting in a room on the second floor of a building with sun baked walls, gasping for a breath of cool air.

I know too that the temperature is such as to produce anything but comfort, but I'm convinced and passing it on to you, that the best way to meet the condition is to endeavor to forget it as much as possible. Sticking on the job, keeping one's mind occupied and eating little is a good plan to pursue. Change of environment and habits in torrid times adds to discomfort.

LIMA BEANE.

A PIECE OF LOGIC.

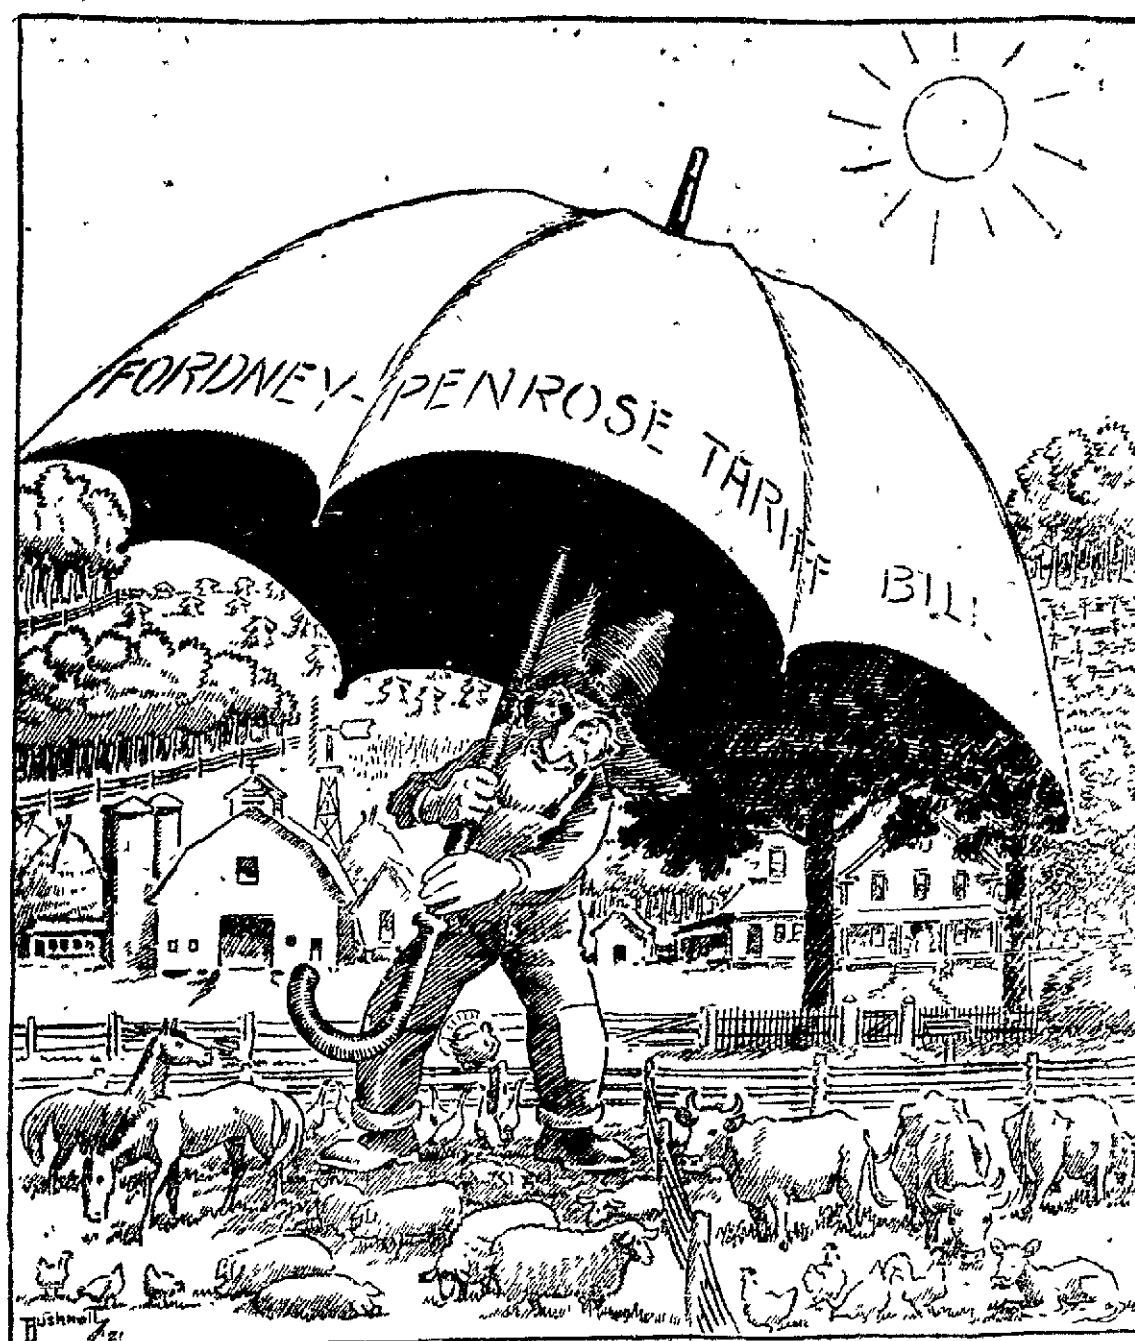

If Plutus is a liar, and Plutus says that all men are liars, then who is the liar? Some people will say that Plutus is the liar because he has made a false statement. Now if Plutus made a false statement, it must be just the opposite, and therefore all men are not liars. But is not Plutus a man?—Martin Schaefer.

JUST FOLKS—BY EDGAR A. GUEST

THE LIVING WORLD

Let all who will, sing, "After Death,"
The sky is blue today,
The blossoms everywhere about
make sweet the breath of May.
The dead have passed from pain and
care; but here the living throng
Need beauty and the friendly smile
to cheer their way along.
And life is good and life is sweet as
men are brave and true,
And laughter lives and joy is born
when kindly deeds they do.
I know there is a heaven to be, but
let me prove my worth
By lightening the loads of care
which burden men on earth.
And let me sing the living joys, the
fragrant morning breeze,
The roses jeweled fair with dew, the
sunlight on the trees;
The after death come rest and peace
to every weary brow,
There is a wealth of happiness for
all who're living now.
So I would sing the living world, the
world that now we see,
With children playing in the sun and
blossom on the tree;
And I would sing the friendly hearts
which help us all to smile,
The deeds of kindness everywhere
which make the world worth
while;
And I would walk the ways of men,
and with them take and give
And learn, with all the care and
strife, that it is good to live.

WHAT THE STARS PREDICT

The evening hours of this day
are lucky.
There is an indication that
Congress will take steps that
will greatly improve the railway
situation.
Interviews with prominent
men, entertainments given for
them this evening, should be most
successful.
It is wise to avoid all risks at
this time, since they may result
disastrously.
All irritability should be avoid-
ed, since quarrels which take
place at this time may be lasting
in their effects.
Persons whose birthday this is
should use great care in writing
letters during the coming year,
since written words are likely to
bring them unhappiness; other-
wise they will be successful.
Children born on this day will
be industrious and ambitious and
are likely to succeed.

How Yeast Vitamon Tablets Put Flesh On Thin Folks

Strengthen the Nerves and Invigorate
the Body—Easy and Economical to
Take—Results Surprisingly Quick

If you want to put some firm healthy
flesh on your bones, increase your
nerve force and power, clear the skin
and complexion and look and feel
100% better, simply try taking two
tiny Vitamon tablets with each meal
and watch results. Vitamon contains
highly concentrated yeast-vitamins as
well as two other still more important
vitamins (Fat soluble A and Water
soluble C) and is now being used by
thousands. It positively will not up-
set the stomach or cause gas, but on
the contrary is a great aid to digestion,
to overcome constipation and as a gen-
eral conditioner of the whole system.
Complete satisfaction absolutely guar-
anteed or the trial costs you nothing.
Be sure to remember the name VITAMON—there is nothing else like it.
Get it at all good druggists such as Red Cross Pharmacy, Hunter's,
Mykranitz, Enterprise Drug.

INGRAM WINS HONORARY YALE DEGREE

"THE CONQUERING POWER" BRINGS ITS DIRECTOR DISTINCTION

(By ESTHER WAGNER)

"THE CONQUERING POWER" has won Rex Ingram, its director, an honorary degree from Yale.

Some who have seen the picture say that none in months contains finer delineations of character than this version of the Balzac story, "Eugene Grandet."

Pere Grandet is a miser. Gold is his passion. He sacrifices everything for it. Finally comes a day of reckoning. Gold, a monster which grows out of him, rises before him. Ghosts of his victims point accusing fingers at him. In his frenzy he overturns a chest of gold, and it crushes him to death.

The love interest is in the characters of his adopted daughter, Eugenie, played by Alice Terry, and his nephew, played by Rudolf Valentino. The old man separated them. They are reunited by his death. The story is sentimentalized to that extent, and love is referred to in the title as "The Conquering Power."

The picture introduces an automobile at a period when automobiles were unknown. The hero wears modern clothes, while the heroine is costumed in the period. Such inconsistencies lead one to question that the play has the merit ascribed to it. The explanation is that the chief merit is in the delineation of character by the director and the actors. Ralph Lewis plays Pere Grandet.

"GILDED LIES" IS LYRIC'S OFFERING

THIS is an artistically photographed but slow-moving picture, whose plot you should know like you know your a b c's. But because it stars Eugene O'Brien (and there are those of us who'd walk a mile to see Gene) it may prove of more than passing interest.

The story is insane and lifeless. A beautiful young girl marries a wealthy old man because her guardian wishes it and because she believes her real lover dead. The latter had been an explorer and was supposedly lost in the frozen north. But wait. He wasn't. But he might just as well have been dead for he arrived home to claim his sweetheart the day after she married the aspirant king.

Follows the struggle between love and duty. The girl loves her Keene, but she must be true to her husband, who lavishes his wealth upon her. Events complicated and unnecessary.

ORIENTALS NOW STEPPING INTO THE MOVIE GAME

It is reported, from an authentic source, that a company composed of only Chinese, is operating in Los Angeles, producing a film to be shown as "Lotus Blossoms." This is something decidedly out of the picture pie.

POLA NEGRI IN MANY IMPORTED MOVIES

POLA NEGRI is to be seen during the coming months in a number of pictures which have been brought to the United States since the successful showing of her "Gypsy Blood" and "Passion."

These include "Vendetta," "Intrigue" and "Infatuation," or "The Polish Dance."

Meanwhile, we in Lima have seen her but once, and that time in "Passion."

AT THE FAUROT

Mae Murray is seen in the stellar role in "The Gilded Lily," appearing today at the Faurot Opera House.

AT THE SIGMA

"Homespun Folks" with Lloyd Hughes in the leading role, is the Sigma's special offering today and Saturday.

AT THE MAJESTIC

Tom Mix is starred in "The Road Demon," appearing today at the Majestic theatre.

CLIPPINGS

Snub Pollard is now working on his eighteenth comedy.

Pola Negri is to make a screen version of "La Tosca."

Bert Lytell is to be directed in "Lady Fingers" by Bayard Veillier.

Edward Dillon is to direct Raymond Hitchcock in the screen version of "The Beauty Shop."

London film actors are working

torian, is writing stories, adapting them for the screen and personally directing them for a British producer. His first will be "The Dream."

MOVIE SECRETS ARE REVEALED

Q.—Has Douglas Fairbanks a brother in the movies?

A.—Doug. has two brothers who are associated with him in the Douglas Fairbanks Picture Corp. Neither of them has attained any prominence as a movie actor, altho John Fairbanks played a small part in one picture. Doug's brother John is the treasurer and general manager of the film company and his other brother Robert is the manager of productions.

Q.—When were Wallace MacDonald and Doris May married?

A.—May 5th was the happy eventful day.

Q.—Which is the older, Bert Lytell or his brother Wilfred?

A.—Wilfred is Bert's kid brother. Strangely they both have dark brown hair and hazel eyes and both weigh 155 pounds. Bert, who is five feet, ten and a half inches tall, is just a half inch taller than his brother. Both were on the legitimate stage before going into the movies.

Q.—What is Bessie Love's real name?

A.—Bessie, like many others,

THIS GIRL LOVES SECRETLY

Seeks Some Way of Letting Object of Admiration Know It

Much Married Woman Holds Matrimonial Ties Lightly

Dear Miss Smart: I am a young girl and am secretly in love with a young man several years older than I. He seems to be splendid in every way and I hold a great admiration for him. I would like to become better acquainted

USUALLY it is proper for the young man to make the advances. Often it is very embarrassing to a young girl, if she has fallen victim to the charms of an acquaintance, makes plans whereby she may meet him and become better acquainted and then finds her regard not returned. If you acquaintanceship with this man is so slight it is likely that you do not know him well enough to be so deeply attached as you think yourself. Perhaps, upon further acquaintance, especially one which you might promote yourself, you would find that he does not have the characteristics which seem to you essential in the man whom you would care to marry. No doubt you will be thrown in contact with this man sometime without any planning on your part. At least, wait for a while and see. Do not become too interested in him until you become better acquainted and find that your regard is in some measure returned.

Of course, if your acquaintance with this young man is on a social rather than a business basis, it would be perfectly proper for you to invite him to your home to your little social gathering. However, it would not be proper to invite him to call. If he is interested in you, this is his privilege. If you feel that you are really interested in him and care for him, surely you should refrain from doing anything which might provoke or disgust him and give him just cause for thinking you were trying to force his attentions.

Dear Miss Smart:

I have been married twice. I have two girls, one by my first husband and one by my second. My second husband was awfully good to me, but I fell in love with another man and left him. He still loves me and will do anything for me. He has asked me to come back to him so he can be with me and his wife. I will forsake me, I know he will be alright if I treat him right. Do you think it would be alright to go back or do you think the man who broke up our home is a gentleman? I don't like to have three husbands.

No, I do not think a man who will break up a home much of a gentleman, nor do I think the woman who

is weak enough to go with him much of a woman. You seem to look upon this affair in a somewhat light and frivolous manner, as if it were an everyday occurrence. I would advise you by all means, to return to your second husband providing you were free to accept his love and kindness. He seems to be a real man and certainly there are few like him. Few men forgive their wives and retain their love for them when they have proved disloyal and faithless and unworthy of the love and protection of a good man.

SLEEVELESS COAT IS NEW SUIT FAD

BY ELOISE

The silk suit finds many buyers as the days grow warmer. It is a perfect garment for street or sports wear and is as cool and comfortable and appropriate for wear at the races, the country club or the day of shopping. Crapes, poplin, rajah, pongee and other fancy silks are the most used fabrics. White is the most fashionable color, but there are some models seen in tan, brown, blue and the ever popular jade and tomato shades.

The sleeveless coat is the newest idea in silk suits for summer wear and this feature makes them all the more desirable for hot weather. White tussah silk fashions this suit. The skirt is pleated and the coat is one of the sleeveless models with a narrow belt and the lower part elaborately embroidered.

Society News

MRS. RALPH SHRIDER welcomed a group of guests at a delightful gathering at her home on S. Cole-st, Friday afternoon to announce the engagement of Miss Mary Shriver to Arthur Kinney, Grandville.

Large baskets of garden flowers of every hue made the rooms bowers of fragrance. The afternoon was enjoyed socially and later a dainty repast was served. Small tables were arranged throughout the rooms and centering each was a basket of pink roses. Nut baskets were dainty affairs of pink and lavender. Place cards were small hand-painted leopards and in the land of even was a small card bearing the names of the betrothed. The wedding will take place the third week in July.

Guests of the afternoon were very intimate friends of the honor guest, including: Mrs. Glee Jones, Mrs. Earl Thompson, Mrs. Frank Sealts, Mrs. Charles McClann, Mrs. Harry Goldberry, Mrs. Austin Potter, Mrs. O. J. Neuman, Mrs. Carouice Klinger, Mrs. Samuel Shriver, Mrs. H. A. Gramm, Misses Ruth Harzog, Mary Mackenzie, Gail Parmenter, Hazel Mackenzie, Esther Roberts, Marguerite Moyer, Helen Longworth, Marie Bowsher, Marie Sweeney and Mable May.

Complimenting Miss Beatrice Loeb, Cincinnati, and Miss Eva Cohn, Chicago, Misses Norma Cohn and Dorothy Frankel were hostesses to a group of friends with a pretty dancing party at the Cohn home on S. Cole-st Thursday evening. Garden flowers in profusion were in evidence throughout the rooms and the lights were shaded with Japanese lanterns. At the conclusion of the pleasant evening of dancing, a dainty repast was served.

Guests for the evening included Misses Lucille Wise, Gladys Wolkebaum, Mildred Lilienthal, Beatrice Rosenbaum, Dorothy Bernstein, Constance Wise, Harriet Lilienthal, Leona Bernstein, Esther Rosenbloom, Martha Michael, Joannette Lester, Clara Brunner, Hortense Victor, St. Marys, Beatrice Loeb, Cincinnati, Eva Cohn, Chicago, Messrs. Harry Block, Isadore Epstein, Gustave Weinfeld, Joseph Bernstein, Sylvan Holstein, Horace Levy, Robert and Henry Michael, Jack Well, Ed Cohn, Adolph Weinfeld, Bert Friedman, Arnold Wise, Elmer Cohn, Sherman Abrams, Arthur Wohlgenuth and Joseph Simmons, New Orleans.

In celebration of her birthday anniversary, Miss Margaret Wallace, daughter of Mr. and Mrs. J. H. Wallace, W. North-st, entertained a group of friends with an enjoyable theatre party at the Sigma theatre, Friday afternoon.

Guests included Misses Mary Esther Bentley, Myra Fridley, Mary Louise Edwards, Martha Laughlin, Martha Altschul, Meredith Shifferly, Miriam Kammerer, Nell Pursell, Juanita Barth, Dorothy Smith, Frances Christen, and Lydia Buchanan.

Honoring her house guest, Miss Mary Jane Peters, Marietta, Ohio, Miss Frances Greene, daughter of Mr. and Mrs. T. B. Greene, W. Spring-st, entertained with a prettily appointed 1 o'clock luncheon at the Lima club, Friday. A basket of garden flowers graced the center of the large table. Following the luncheon, Miss Frances entertained her guests with a theatre party.

Those present included Misses Ruth Steiner, Katherine and Pauline Steiner, Jane Marie Green, the honor guest, Mrs. T. B. Greene and the hostess.

LIFE INSURANCE \$400,000

By WILLIAM ALMON WOLFE

But he had ideas as to what Prudence thought about him, and she was nearer to the truth, she was just a little bit nearer to look up to him. He really had begun to think of her as a woman, and not just a little girl. There was a something about her, a something that was not in the other girls. Prudence liked him, but she was not in love with him. She was just a little bit in love with him. And this of course, as his conscience explained, was a very good thing. It would make her more amenable.

Prudence had all sorts of plans for the immediate future. John Bradford's death, the necessity of returning to America, had postponed a regular orgy of work. Other people wanted him to work. An enterprising dealer, sensing the fact that he might be a coming man, had arranged a show of the paintings he had brought back with him, and the notices had been very good. Painters and other artists agreed with the critical estimate for Prudence. And all this interested her. The rich dilettantes who were always looking for a chance to discover a new lion and make him a star.

As soon as his studio had been leased up a little so that it was possible to use it as a workshop, he began to paint. And he couldn't paint. It was a hopeless sort of situation altogether. No wonder he couldn't paint. And then there were distractions of other sorts. People who knew he had inherited money bothered him a lot—cranks and beggars and people who wanted to sell him things. There was one pest, in particular, who peddled life insurance. Prudence couldn't see for the life of him what he wanted of life insurance. But that didn't make any difference to the agent.

His name was Edison, and he devoted to the selling of insurance talents that might have made him a rival of John D. Rockefeller. One got insured in the end, of course, just to get rid of him. Prudence did. He took out a policy for \$100,000, and hoped that Edison would die or something, so that he could forget to pay the premiums after the first year and let the policy lapse.

Prudence telephoned to Prudence one morning because he wanted her to pose for him. He told himself, rather grimly, that if he couldn't do a portrait of Prudence, the theory that he was a painter would be exploded, and that would be something gained, anyhow.

Prudence knew that he intended to paint her some time, and they had talked about the picture. She had been rather pleased because he had refused to paint some pretty important ladies, and if he made her the subject of his first American portrait she knew that a fine little crop of jealousy would be sown. She wasn't very much of a cat; you might call her a kitten, perhaps. So he was surprised and disgusted and annoyed when she answered, over the telephone, that she couldn't come because Tommy Hartley was going to take her and Mrs. Dayne to lunch at some new place he had discovered up the Hudson.

"Prudence!" commanded Prudence magnificently. But she couldn't, or she wouldn't, or both. And she couldn't come the next day, either. Hartley again. Hartley began to emerge now from a sort of mist of young men who scowled and looked sulky when Prudence dropped in unexpectedly for tea. Hartley had been to more than his share of the little dinners Mrs. Dayne

was always giving. Prudence was nearly always invited to those dinners, too, but usually, she took in Mrs. Dayne herself or some lady whose husband bored her and who wanted to flirt with her. Now she wanted indignantly. Hartley practically always got Prudence. Somehow his suspicions hadn't been aroused before. But now they were made up for lost time. Some one mentioned casually that he had seen Prudence riding in the park—with

Hartley, of course. Prudence didn't ride, but he could walk, and he carried the news. He had to admit that the chap looked well on a horse. And then it occurred to him to wonder where Prudence got the horse. Of course, she had bought the beast without even dreaming of consulting him. They had rather a sense. It was the first time Prudence really got spunky. "I paid for him myself—out of my allowance, Myles," she declared indignantly. "Right!" he said. "But how do you expect to pay your bills out of the same allowance? Been economizing?" (To Be Continued)

A WIFE IN THE MAKING

By PHYLIS PHILLIPS

The family returned from morning services just as Arline was leaving, and was it her imagination or true, that Edward gave a start when he entered the garden and saw Miss Bates and his wife together in earnest conversation. Cherry could have sworn that she saw him start, ever so slightly, but she was not sure.

"Glad to see you, Miss Bates," was his greeting to the girl. And Mrs. Randall Sr. was most warm in her welcome. Jane stood off in silence, tho extremely polite in her manner towards Arline—in Jane's own little way. Cherry was busy thinking over all the things that her guest had been telling her. Of her wealthy father, back in St. Louis, from whom she had run away at the age of seventeen, tired of his iron ruling of her. For she was a rich man's daughter, this most efficient little person. That was the wonder of it all; Cherry also felt to wondering if her mother-in-law had not taken the pains to find out all about Arline, her social standing in St. Louis and the fact that she was an heiress. And whether the news she had received after the investigation had not made her anxious for her son to fall in love with so good a match?

However, of what good to worry now? She, Cherry, and not Arline, with all her reputed wealth, had captured the prize. That should be enough for most girls, after all. Aunt Phoebe had said that Mrs.

She evidently possessed infinite tact, this girl. "And how is your good father, my dear?" questioned Mrs. Randall Sr. with her most approving sniff.

"Oh, very well, indeed, dear lady, if all reports are true," answered Arline brightly. "Oh goes right on gushing, according to dad, and the only flaw in the ointment is the fact that his baby girl is still too stubborn to come back home and settle down with him and let herself be bossed about, as only my daddy can do."

"Naughty girl to stay away from us so long—four months—and only one letter in all that time, too," said Mrs. Randall. "Well, you see, I had an invitation to visit dear friends down in Virginia, and I thought that May was the best time to go there. It was heavenly, too," finished Arline with a smile.

"Well now you must come real often to cheer us up, dear. Cherry needs someone like you to keep her happy, I know. She gets lonely with us old country folks around her all day, I'm sure."

Down on his sunny Kansas farm Jess Willard cogitates that he can soon be fit for Jack To draw 'em thru the gates.

Some game? In a sec it? Lions took it, too. Surely hurt Rotary a pride. But pride goes before the fall.

It all went toward tightening the city race.

And that's what make the old national pastime interesting.

Pittsburg wallops Kansas, 5 to 3 in exhibition game at Pittsburg.

Billy McLean and Jack Lawler sign to fight in Cleveland, July 21.

Luna Ortolano take only game of Junior League from Middles 9 to 6.

Babe Ruth failed to get a home run even in an exhibition game Wednesday.

It took the Dodgers 10 innings to defeat the Giants, 7 to 6 at New York.

Sailor Freedman, lightweight, signs to meet Pete Hartley in New York, July 12.

Detroit takes both ends of a double header from White Sox, 13 to 8 and 5 to 6.

Umpire Hank O'Day, of the National League, joins movement to tone down lively ball.

Tris Speaker increases his lead over Harry Holman for batting honors in American League.

Browder Lawrence, three letter man at Ohio Wesleyan, is chosen to coach Athens, O. high school.

Jack Dempsey is enroute to Salt Lake City where he will tell his mother all about the big fight.

Baseball manufacturers declare the same material is being used in baseball as was used 25 years ago.

The White Sox were after Adolph Rothman, young right hander, but Kansas City Blues beat them to him.

Bunching 13 hits for 12 runs in the seventh and eighth innings, the Cardinals wallop the Phils, 15 to 2.

Charlie Rice, once an unbeatable horse, breaks in every heat at N. Randall, despite efforts of Driver Murphy.

Baltimore with a lead of 10 1-2 games over its nearest competitor is making a joke of the International League race.

More than 100 youngsters are expected to take part in the field meet here today. But it looks like rain will stop the meet.

Grechen Schaffer, 4-year-old Kan-lake, 11, is getting a big top for fee as a swimmer, being able to dive off a low platform and swim 50 feet.

Five Great Pacers

Carded To Start

CLEVELAND, O.—Single C. Hal Mahone, Red Lancelot, Sanaud and Louis Grant, five of the greatest pacers in training, were named overnight to form the field to start in the free-for-all pace, the feature of today's Grand Circuit harness racing program at North Randall.

Because of his recent good races on half mile tracks, Single C. was expected to carry the bulk of the public's money.

Three other races were on the card, including the second division of the 2:20 pace, the first division of which was decided yesterday. Ten probable starters were named in this event.

Eleven were expected to take the word in the 2:20 trot and the final event of the week, the 2:14 pace, closed with eight entered.

CHILDREN INJURED

SPRINGFIELD.—Paul C. Kreider, 9, and his sister, Ruth, 7, children of Mr. and Mrs. Earl Kreider, of this city, were injured late yesterday afternoon when a dynamite cap exploded after the boy had struck it with a hammer. The boy lost two fingers and was lacerated about the legs, while his sister was lacerated about the body.

Rotarians Are Humbled By Runners-up In Club League

Continuing their winning streak, the Lions Thursday afternoon at Murphy-st lot humbled the pace setting Rotarians in a closely contested game by the score of 7 to 6. What, at first, appeared to be a walk away for the runners-up in the City loop, developed into a struggle which made the fans hold their breath. The winning run of the Lions came in the sixth session, after Rotary had fought an uphill struggle and overcome the huge lead taken by the Doctors in the opening session.

Four hits coupled with a brace of errors in the first round sent the Lions on their way with a five run lead.

Eddie Ashton, veteran hurler, who wins the brown derby for being a hard luck filly, started the game for the Rotarians. The Lions got to him early in the spasm, and it seemed to hurt the morale of the Rotarians. As a result a pair of costly errors were made behind Ashton's delivery. With one out, Ashton was derelict in favor of Don Rohe, forhandler, who retired the side without additional damage.

THOSE FRENZIED FANS
The Lions supporters were wild. On the other side of the stand sat the Rotary toolers. They looked as

happy as a club. The office boy would have needed no alibi on the grandstand if the boys could have seen him sitting amongst the Rotary crowd.

Another tally was added to the Lions' collection in the second inning. It was at this period that Rotary supporters appeared to give up the ghost. The supporters, however, were the only ones who had them in the sponge.

The team on the other hand, fought like men with their backs against the wall. For three innings they held the Lions runless, while four runs were piled up for the league leader. Then came the sixth. Another rally was staged, and Rotarians equalled the Lions in the number of runners.

Statisticians tell us that eight times out of 10, a team coming from behind and tying the score will win the game. It looked dark for the runners up. But a couple hits combined with another error enabled the Lions once more to take the lead.

HOPES WERE KILLED
In the seventh, with two men down, Thompson singled past second, and pilfered the keyhole base. It looked as the game might go into extra innings. Cunningham had relieved Soash on the mound for the Lions, and appeared to have a bit of trouble locating the plate. Pat O'Farrell was the batter who was supposed to drive the tying score across the plate. But "Speedy" was unequal to the occasion. The only damage O'Farrell did was to slaughter the microphone which hovered about the plate, by taking three healthy swings at "em."

And thus ended the contest.

KING OF SWAT DELIGHTS KIDS

PITTSBURGH, Pa.—Babe Ruth, playing here yesterday with the New York Americans in an exhibition game with the Pittsburgh Pirates, kept a promise to T. B. Doyle, prefect of St. Paul's orphanage at Idlewood and visited the institution. Doyle formerly was prefect at St. Mary's Industrial School of Baltimore where Ruth spent his boyhood days. The famous ball player was accompanied by "Rabbit" Maranville and Charley Grimm of the Pirates.

Ruth went to bat before the eight-hundred children at the orphanage and was named the first time up by Mike Radanski, aged 12, card picker of St. Paul's. Then Maranville took Mike's place and the home run king smashed the ball all over the lot to the delight of the fans.

How It Happened

By J. Kenneth Crawford

FIRST INNING

ROTARY—Mert Sealt stopped the first ball pitched with his elbow, but was out at second on an attempted sacrifice by Fenton. Bernstein popped to Boop who doubled Fenton off first. No runs, no hits, no errors.

LIONS—Fast hit a pop-fly which got past R. Sealt for two bases. Wisely walked. Boop tripled to right-center scoring Fast and Wisely. Burke rolled out to Ashton who held the pill till Burke got to first. Basinger running for Burke. Basinger stole second. Soash grounded to M. Sealt who hurried wild to the plate. Boop and Basinger going to third. Soash stole second. Hay hit a Texas leaguer back of short. Basinger scoring. On Fenton's hit, Boop now pitched to Rotary. Hedges popped to M. Sealt. Basinger grounded to Bernstein. Strange whiffed. Five runs, four hits, two errors.

SECOND INNING

ROTARY—R. Sealt grounded to Fast. Thompson rolled to Boop. O'Farrell singled over second and went to third when Basinger let the ball roll between his legs. Snider skied to Basinger. No runs, one hit, one error.

LIONS—Fast bounced to Snider. Wisely was hit by a pitched ball. Boop fanned, on three pitched balls. Burke batted out to Bernstein who muffed it. Wisely went to third. Basinger running for Burke. Basinger was safe stealing second and Wisely scored when M. Sealt threw over F. Sealt head who recovered the ball and got Basinger at third. One run, no hits, two errors.

THIRD INNING

ROTARY—F. Sealt doubled to the left field fence. Rohe whiffed. M. Sealt grounded to Wisely. F. Sealt going to third. Fenton lined to Fast who dropped the ball but recovered it and got Fenton at first. No runs, one hit, no errors.

LIONS—Clark playing second for Rotary. Soash singled past the box. Yingling running for Soash. Yingling goes to second on a wild pitch. Hay fanned. Hedges out Clark to Bernstein. Bernstein dropped Basinger's double fly. Basinger fanned. No runs, one hit, one error.

FOURTH INNING

ROTARY—Bernstein singled past second. R. Sealt doubled to the left field fence, scoring Bernstein. Thompson popped to Boop. R. Sealt stole. Burke to Boop. O'Farrell walked. Snider forced O'Farrell. Wisely to Fast. One run, two hits, no errors.

LIONS—Strange grounded to Clark. Fast fanned, Wisely lined to Snider. No runs, no hits, no errors.

FIFTH INNING

ROTARY—F. Sealt flied to Wisely. Rohe hit one toward Hedges which bopper over his head for a hit. Clark singled to left on which Hay made a pretty stop. Fenton forced Rohe at third. Soash to Boop. Bernstein singled to left scoring Clark. Burke threw to first to get Bernstein but Hedges threw to third to get Fenton and both men were safe. R. Sealt walked filling the sacks. Thompson singled to left, scoring Fenton and Bernstein. Hay threw to Wisely who got R. Sealt off second on a fake throw to the plate. Three runs, four hits, no errors.

LIONS—Boop whiffed. Burke also fanned. Soash made a clean record for Rohe by fanning for the third out. No runs, no hits, no errors.

SIXTH INNING

ROTARY—Cunningham pitching and Soash left for the Lions. O'Farrell straggled. Snider singled to right. O'Farrell going to third. On the throw to catch O'Farrell at third Snider went to second. M. Sealt singled past first, scoring M. Sealt and Snider. Thompson running for F. Sealt. Rohe fanned. Clark forced Thompson at second. Burke to Fast. Fenton lifted a high fly to Cunningham. Two runs, two hits, no errors.

LIONS—Cunningham grounded to Thompson. Preston batting for Hedges. Preston singled to center. Basinger singled past Clark. Preston going to third and Basinger to second on Fenton's throw to third. Strange grounded to Rohe who got Preston at the plate, Basinger going to third. Clark booted Fast's grounder and both men were safe. Wisely fanned. One run, two hits, one error.

SEVENTH INNING

ROTARY—Preston on first for Lions. Bernstein skied to Soash. R. Sealt lifted a Texas leaguer behind first but was out trying to stretch the hit to a double. Strange to Wisely. Thompson singled to center. Thompson stole. O'Farrell whiffed. No runs, two hits, no errors.

Page Tom Gibbons! He Can Get Bout With Carpentier

NEW YORK — Tex Rickard, promoter of the Dempsey-Carpentier contest, said that until he is able to locate Tom Gibbons he will be unable to make any definite proposition to George Carpentier about a world's championship light heavyweight fight next fall. Carpentier, willing, he said, to fight with any good man in his class. Rickard has had no further conference with him on the subject, pending news from Gibbons.

Terms for the match were understood to include a percentage basis of 50 or 55 per cent of the gross gate receipts for Carpentier. It was expected that the bout would be arranged before the Frenchman leaves for France to visit his wife and baby daughter on July 14.

Rickard has about resigned hope of arranging the meeting for Labor day, as Carpentier's broken hand will prevent him from entering the ring before the early part of October.

Foreign Drivers To Compete In Meet

LOS ANGELES, Cal.—Several premier French automobile racers, and probably drivers representing Italy, Belgium, England and other foreign countries will participate in the Thanksgiving Day automobile races to be held here in November.

The international note was sounded in word received here recently from Barney Oldfield, American racer, who is now in the east. According to present plans, Oldfield will depart shortly for Europe to coach the American drivers entered in the French Grand Prix, and while there will sign up foreign pilots for their first invasion of a Yankee speedway other than at Indianapolis.

Oldfield will act as the official representative of the Los Angeles Speedway Association while in Europe and has been given instructions to use a free hand in booking foreign stars.

Black Sox Trial Will Go Beyond Scandal Of 1919

CHICAGO—With four jurymen accepted for the trial of the White Sox and alleged gamblers in connection with the 1919 baseball scandal, indications were today that the picking of the other eight men would be speeded up. Attorneys at first asserted it would take two weeks to secure a jury to try the case, owing to the wide publicity given the scandal.

There were indications yesterday that the trial might go further back than 1919 baseball history, when Attorney Henry A. Berger for the defense asked prospective jurors if they knew members of the Detroit and White Sox teams who played in 1917. Mr. Berger intimated that the Sox and Detroit teams of 1917 might be called to show that faking was done at that time with the cognizance of the club management.

An argument among attorneys during the examination of prospective jurors in the trial as to whether the White Sox players were under contract to their club during the 1919 world series, resulted in a number of humorous definitions of the word "contract." The defense told the veniremen the players were not under contract to the club during the series, and the state objected, "WHAT IS A CONTRACT?"

"Just what is a contract, then? if these men weren't under contract during the series?" asked Edward Prindiville, special prosecuting attorney employed by the American League.

Judging from the ones these men had, it's a piece of paper telling them where to head in," said Michael Ahern of the defense.

"No, it's a piece of paper with a dotted line at the bottom where you mark an X," interposed James C. O'Brien, another defense attorney. "You either mark in the X or starve to death."

"Wrong, both of you," said Ben Short of the defense. "It's your nightly prayer—what you say at night and forget in the morning."

"You're right, Ben," said Prindiville. "These fellows made 'em at night and forgot 'em in the morning."

FILLY WINS N. RANDALL FEATURE

CLEVELAND, Ohio — The four-year-old filly Jeanette Rankin, owned by George Dujoy, of Youngstown, and driven by Lon McDonald, was the star of the Grand Circuit racing at the North Randall track Thursday, easily beating the field in the classic \$5,000 Tavern Stake, the feature event of the card. It was the big debut of the filly, but she raced like a veteran campaigner, and was not under a hard drive in either of her winning heats. Galli Curci, from the Murphy stables, was heavily played, but had manners at the post spoiled her chances.

In the auctions on the Tavern event, Jeanette Rankin sold for \$400, Galli Curci \$200, and the field \$180. Galli Curci caused a long delay at the post, and when they were sent off St. Patrick the Great set the pace. Jeanette Rankin going to the front on the upper turn winning off by herself in 2:06 1-4. Princess Etawah coming very fast at the finish and beating Hilda Fletcher for the place. Jeanette Rankin was in front all the way in the final heat, winning easily. Under the present three-heat racing rules in force here, she was then sent to the barn with first money won, and the balance of the field raced it off. Princess Etawah easily winning the final heat.

Brookes Out

PITTSBURGH, Pa. — Norman Brookes of the Australian Davis cup team will not be represented at the Davis cup matches here August 4, 5 and 6. It was learned here today. Brookes, according to members of the team who arrived at Vancouver, B. C. July 21, did not captain the aggregation because he felt that he was not physically fit to stand the work even of the elimination contests. Brookes was one of those who defended the cup last year and went down in defeat before Johnston and Tilden, the American doubles champions.

SOLICITOR RULES ON SAFER JOB

Declares Office Vacant; Council Can Change Salary

Salary of safety director can be raised or lowered, according to discretion of council, is the opinion of solicitor H. E. Garling, who has been studying the legal aspects of the matter.

His opinion is based on two sections of the law. Section 4213 states: "Salaries of officials, elected or appointed, shall not be raised during the term for which they are elected or appointed." Section 4267 provides that a safety director shall serve until his successor has been appointed and qualified.

Solicitor Garling told Mayor Burkhardt that acceptance of Fred Fisher's resignation ended his term and the office is now vacant. Therefore, council at this time can re-adjust the salary of the office and the new man coming in will be bound by their action.

Should appointment be made, however, before council raised the pay for the office, the new man will have to serve at the old salary, of \$500 a year.

Other sections of the law, according to Garling, provide that council can fix the pay of appointive and elective officials.

In view of this ruling, it is improbable that Mayor Burkhardt will make his selection until after council has either raised the pay of safety director, or turned down the recommendation made Tuesday night.

1,200 PHYSICIANS TO MEET IN COLUMBUS

CLEVELAND.—Twelve hundred physicians and surgeons from all parts of the United States and Canada are to attend the 25th annual convention of the National Osteopathic association to be held here July 25 to 29.

Questions of far-reaching importance to the medical profession will be discussed while clinics will be held daily during the week by osteopathic specialists. Several hundred specialists will convene here a week before to attend the annual meeting of the American Osteopathic Society of Ophthalmology and Oto-Laryngology. These specialists plan to remain over in Cleveland for the National Osteopathic association convention.

Preparing for the reception and entertainment of delegates, local committees have been at work for a month. Dr. M. F. Hulett of Columbus, O., will deliver an address at the memorial meeting held each year during the convention.

46 PERSONS SUFFERING FROM PTOMAIN POISON

BRISTOL, Tenn.—Forty-six persons, who attended the Salvation Army picnic yesterday at Beech Grove school, near here were being treated for ptomaine poisoning today, while physicians were examining food served at the picnic.

No deaths have resulted. Ambulances were rushed to the picnic grounds from here to take the victims to a hospital.

MONEY IS LITTLE UNDERSTOOD

Mystery Surrounds the Operation of the Modern Bank

PUBLIC MUST BE EDUCATED

Steps Already Being Taken To Eliminate Ignorance

(BY D. C. FORBES)

NEW YORK — (Special) — Money is the most coveted and the least understood thing in the world. What goes on inside a bank is as much of a mystery to the man in the street as what is done to coal tar to transform it into colors of wondrous hues, into sweet-smelling perfumes, and into a thousand other articles.

This ignorance of money and banking contains elements of grave danger. Without some elementary knowledge of how money is used and how banking functions to furnish credit to the life-blood of commerce, there can be no intelligent understanding of how the business of the country is carried on. In the absence of such understanding, demagogic politicians and others are sometimes able to attract blind support for some plausible but mischievous scheme designed to take away from those who have and give to those who have nothing.

The need for combating this ignorance was recently emphasized in the following column. It is gratifying to note that the matter is receiving attention and that at least one comprehensive plan has been formulated by the nation's bankers.

Quite fittingly the largest national bank in the country has taken a conspicuous lead in interpreting very clearly to the public the services rendered by a bank. The National City Bank of New York has been running finance advertisements in the Metropolitan newspapers for the express purpose of giving the rank and file of the people an insight into the functions and workings of our financial institutions. These full-page articles are written in language that the teamster, the clerk, the carpenter, the baker, the stenographer, the factory worker can understand, being given such prominence, the article is being read by many people who need such information.

"Banks on wheels" were introduced by enterprising American financial institutions to serve our soldiers on the French battle front. There is now a device convenient to bring banks to the doors of the people, by opening branches at thickly populated points. For example, there has been a veritable invasion of the busy forty-second section of New York by the most powerful institutions in the financial district. The National City Bank and its affiliation, the National City Company, have opened an elaborate quarters to serve the truck company. So have the largest Guaranty Trust Company, S. W. Straus and Company, who furnish so much money for mortgages to facilitate building have opened an imposing building in this district. One of New England's most famous investment houses, Kidder, Peabody and Company, have just started a branch at Forty-second street, while other financial concerns who have taken similar action include Harvey Risk and Sons, Merrill, Lynch and Company, Pynchon and Company, Lynum D. Smith and Company, Mudd, Rogers and Slackpole, Arthur Lipper and Company, Gilchrist Bliss and Company.

An excellent plan for making the coming generation familiar with how banks help to bring prosperity to the country has been formulated by the American Bankers' Association. I have just received a letter from John H. Pancher, chairman of the committee on public education, and one of the most progressive and public spirited business men in America. After mentioning that the purpose is "to take the mystery out of the banking business," he says:

"The committee feels a clear understanding of the functions and usefulness of banks, as well as a comprehensive knowledge of the principles of economics on which banking and all other business is based, is a fundamental need of American citizens.

"After much thought and discussion it has been decided that this work can best be accomplished by first instructing the youth of America, and thru them, their parents. The plan adopted proposes talks to the pupils of the seventh and eighth grades of the common school and pupils of the high schools, describing in simple and plain language the objects and methods of banking.

In order that the work may be uniform thruout the country, ten lecture outlines have been prepared—each lecture to be given each month of the ten months of the school year, starting September, 1921. These lectures are to be given by the banker nearest the school and the speakers, as part of the program, will invite the pupils of the school to his bank so that the pupils may visualize the operations described. The talks will be quite simple in character and the frequent use of examples and illustrations with local color will be urged. Thus it is proposed to take the bank to the school and the school to the bank.

MUTT AND JEFF—EVIDENTLY JEFF'S DETERMINED TO COP THE SIDE BET OF TWO BUCKS—

By BUD FISHER

BRINGING UP FATHER—

By McMANUS

SHORT SHAVINGS

Sgt Fitzgerald, youthful author whose recent novel of college life has made him famous, said at a luncheon in New York: "College spirit is always the same. It is exemplified in the dialogue of the two juniors. 'What shall we do tonight?' said the first junior. 'I'll toss up a coin for it,' the second junior answered. 'If it's heads, we'll go to the movies, if it's tails we'll go to the Public de Dime, and if it stands on edge we'll study.'"

A Scotchman who was notorious as a sceptic had erected a megalomaniac for his final test and one day he observed the edict of the Kirk gazing at it.

"Strong photo that, Mr. Davitt?" he said. "It took a man some time to take up on it that it the day of judgment."

"Boat men," said David, "we can get a real little fish about salmon when that the comes. They'll take the bottom out of it and let you feed on it."

Harold Lloyd is telling the story of an old drifter "extra" who took two or three days to mope and groom his way (but the income tax papers).

"Ah! now Ah got more worry," he announced after he had dotted the first "I" and crossed the final "P."

"What's wrong now?" asked Harold.

"Now," was the answer, "now I can pay that taxes Ah got to hunt all around an' locate the federal taxidermist's office."

Thompson's Business Increased Wonderfully in June

Every week shows big gains. We are gaining every day. When we tell our associates of this they say, "Oh, well, Thompson's." It's just taken for granted that Thompson's stores gain when others do not. One friend said, "Don't judge business by Thompson's." The moral is—Merchandising in such a way as to give extraordinary values, always.

During the summer our stores are closed Sunday afternoons from 1 to 5:30.
